Fown Levison and King met on July 19, 1967, to discuss the Newark, New Jersey, riot. Levison suggested that King advocate a program with dramatic qualities similar to the Works Project Administration of the 1930's. This new Fwas program, implemented by the Federal Government, would employ jobless youth. King agreed that Levison's idea had merit and said he would publicly call upon the Federal Governent to do $x=x$ something along this line.

King baited until the MOth Annual Convention of the

This relates to your letterhead memorandum of September 5 to the Attorney General, relating to I appreciate your having sent copies of these to me. V

This matter had been brought to the attention of Dr King some time ago by me, but in accordance with conversations which the Attorney General had with Courtney Evans, it was not felt to be wise in view of the sources of the Bureaus informaldion to state that I knew $O^{2}$ DelI to be under Communist influence or control at any time. I did inform. Dr. King and two members of his organization -- . Reverend Andrew Young and Reverend Wyatt lialker -some time ago .- that since ODell was believed by many people to have had Communist connections, his association with their organization was not in the best interests of the organization.

At that time, inconclusive steps were taken to remove $0: D e I I$, and his job with the Southern. Christian Leadership Conference was changed. In response to direct questions whether $I$ had hard evidence of $0^{2}$ Dell's Communist connections, however, I replied that I was not in a position to give any.

Following further conversations. with Mr. Evans in June, however, I brought the matter to the attention of $D r$. King very explicitly in my office on the morning of June 22 prior to a scheduled meeting which Dr. King had with the President. This was done at the direction of the Attorney General.
 Later that morning both the Attorney General and the President separately strongly urged Dr. King that there should be no further connection between 10. Dell and the Southern Christian Leadership Conference.
-Dr. King stated that the connection would be ended. Thereafter, the Attorney General and $I$ both received copies of the attached letter, dated July 3, 1963, from Dr. King to $0^{2}$ Dell.

On the same occasion, I also informed Dr. King that our information was that Stanley Levison was a secret member of the Communist Party. This was also done after conversations with Mr. Evans prior to the meeting with Dr. King, and was done at the direction of the Attorney General and the President. Prior to that time, again based upon talks between the Attorney General and Mr. Evans at which I was present, it had been decided that it was not in the best interest of the United States to inform Dr. King that we had any firm information that Levison was under Communist controi. I had, however, on a previous occasion, warned Dr. King about any association with Levison, basing the warning upon doubts about Levison's loyalty to the United States.

I thought you should have this additional information for your file.

COMMUNIST INFLUENCE IN RACIAL MATTERS memorandum of October 18, 1963, recommending a technical surveillance on the office of the Southern Christian Leadership Conference at Atlanta, Georgia. It is noted that last week the Attorney General authorized similar coverage on the residence of Martin Luther King, Jr. , President of the Southern Christian Leadership Conference.

The Attorney General is apparently still vacillating in his position as to technical coverage on Martin Luther King and his organization, it being recalled that he had initially suggested such coverage and then changed his mind and felt it might be inadvisable.

The Attorney General said that he is still uncertain in his own mind about this coverage. I reminded him of our previous conversation, wherein he was assured that all possible would be done to insure the security of this operation.

The Attorney General advised that he was approving the October 18, 1963, memorandum but asked that this coverage and that on King's residence by evaluated at the end of 30 days in light of the results secured so that the continuance of these surveillance could be determined at that time. This will be done.

The original of our October 18, 1963, memorandum was handed㳀 me by the Attorney General. It is attached hereto.

Martin Luther Kings, Ir at 563 Johnson Avenue Northeast Atlanta, Georgia. King is a national figure prominent in the racial movement. He has been involved with and is taking advice from well-known communist figures. This source provides information regarding his contact with these individuals as well as information as to what they advise him to do. A considerable amount of the information we have received from this source has been furnished to the White House, the Attorney General, and other Government agencies. This source has provided a great amount of information concerning racial disorders in the South, racial riots in Northern cities as well as racial activities at both major political party conventions. In addition, this source has provided information (which has been furnished to the White House) regarding King's immoral extramarital activities. The type of information received through this source is not available through any other source.

There is no prosecutive action pending concerning King ard on the basis of the information wehave, prosecutive action appears to be unlikely in the foreseeable future. It would appear logical to continue this installation because of the large contribution that it has made to our intelligence in the racial movement,

COMMENTS IMELUGMCE IN RACIAL MATTERS INTERNAL SECURITY - COMMUNIST

By letter dated 6/30/64 the Atlanta Office requested authority to install 3 additional technical surveillances (tesurs) on the facilities oi the Southern Christian Leadership Conference. (SCLC), 330 Auburn Avenue, Nix, Atlanta, Georgia, for the purpose of providing additional coverage of the SCLC and its leader Dr. Martin Luther King, Jr, If approved, Atlanta desires to utilize SA William F. Kusch of the miami Office to install these surveillances. Atlanta also requested 2 recorders for use in conjunction frith these installations.

On 10/21/63 the Attorney General approved installation of tesurs on the SCLC at its current address or at any future address to which it nay move. There are currently 4 tesurs in operation on the SCLC which were installed Il/S/63. With the addition of the 3 additional surveillance there would be in operation a total of 7 Ctesurs. The 3 additional surveillances are desirable to provide coverage of additional telephone service recently secured by. the SCLC.

The SCLC and Martin Luther King, Jr., are subjects of intensified Bureau investigations inasmuch as it has been determined that communists and communist sympathizers exert a great deal of influence over this organization. The 4 surveillance already in operation have provided extremely valuable information regarding the activities of the SCLC and King, much of which is not available through any other source. The surveillance have been most valuable in uncovering the extensive communist infiltration and domination of both King and the ISCLC.

Atlanta desires to utilize SA Kusch to install these additional surveillances, if approved, since the Agent trained for this purpose in the Atlanta Office is known to King as well as other employees of the SCLC and full security can be assured only through having an Agent unknown in the Atlanta area handle the installation. ISA Kusch has handled matters of this type in the past. Enc. $-1-0$ 人 $7-8-64$ 100-3-116 1 - 100-438794 (SCLC) TPR:chs (12)

RE：COMmUNIST PARTY，USA
NEGRO QUESTION
COMMUNIST INFLUENCE IN RACIAL MATTERS 100－3－116

Atlanta anticipates that the services of an additional investigative clerk will be required during normal office hours of the SCLC to insure full coverage in the event the additional tesurs are authorized．

OBSERVATIONS：
Since the Attorney General has already authorized technical coverage of the SCIC and King，additional authority is not necessary since this is merely an extension of current coverage brought about by additional telephone service within the SCLC．

## RECOMMENDATIONS：

1．That the attached letter to the Atlanta Office be approved advising that additional coverage requested is authorized and that the Atlanta Office will be advised by separate communication concerning the utilization of SA Kusch to handle the installation and the additional equipment requested frown the Laboratory．

## OR <br> 中。

2．That this memorandum be referred to the Administrative Division for a determination as to whether SA Kusch is available and to：the Laboratory in order that the equipment requested may be furnished to the Atlanta Office．It is suggested that the Administrative Division coordinate its findings regarding the availability of SA Kusch with the Laboratory in supplying additional equipient requested．

ATTN: C. R. La France, Chief, Investigations
Re: Martin Luther King
Information received by this Agent indicated that the above caplioned, during the early morning hours of April 27, 1964, had been laying up with a local winite prostitute and the prostilute had picked up a $\$ 100$ reward for her services. This Agent, through informants, managed to pick up the name and number of this white prostitute and decided to check the above information out for what it might be worth.

Now, normally a situation like the one mentioned above wouldn't be considered as anything new, but due to the above captioned's position as a God-fearing man of the cloth and respected leader of the NAACP, it was decided that perhaps a casual inquiry mate to the prostitute in question might shed an interesting side light to King's extra curricular activities.

This Agent phoned the above mentioned prostitute at about 11.45 pm on May 15, 1964 and spoke to a girl named Gail, who agieed to meet this Agent at a designated spot on South Fiftin Street. However, due to her being called out at aoout the same time as this Agent callei her, the meeting eventually came off at about 3 a.m. on May 16 , -6.64 . Following is the information that Gail gave this Agent and, I write it as she toldit.

Gail stated that about 2 a.m. On April $27,196 \frac{1}{4}$ sie uas culled 03 die bolnain of one of hie locai hotels and toid to go to the New Fromitier
 sirl group singing at the New Frontier Hotel. Gail proceeded to the New Frontier Hotel aild approached Clara Ward in the lobby. Afler introducing herseif to Gail, Clara Wara handed her S100 and said "I have a counte of frionds in to on that would like to nevet you and have you take care of them." Clara Fard then siated that ine reason she was paying $G$ ail the $: \because 00$ was because these two men cid not believe in paying a girl for her services and for Gail to keep quiet about receiving any money.

Re: Marlin Lulher King, et al
Dale: May 18, 1964
Clara Ward then took this prostitute, Gail, to the Sands Hotel bar where they had a drink, then Clara Ward made a tione call and shortly thereafter, Rev. Martin Luther King approached them at the bar and they both accompanied him to his room in the Sands Hotel. Clara Ward introduced Gail to the Rev. King as a very good friend who worked as a dancer in the line at the Tropicana.

Gail stated that she, the Rev. King and Clava Ward all sat down in his room and started drinking Vodka and Gin drinks and the Rev. Wims staited telling about his "juice" around the country, wiinch Gail siciud ivas apparently iold to impress her on what a big man the Rev. Kinir was. After a short time drinking and bragging, the Rev. King called, by phone, to another room where as he said, "my partner is staying, sleeping off a drunk", and spoke to "his partner", with the following remark, "don't call me a black son of a bitch but get your. damned ass down to my room because I have a beautiful white broad here". He then hung up and told Gail that he, the partiner, told him he would be down pretty soon.

At this time both the Rev. King and Clara Ward stripped naked and told Gail to do the same. Gail stated that she had another drink and then stripped naked and sat down on a chair. At this time, the Rev. King went down on his knees and started nibsling on her right breast, while Clara Fard did the same with her left breast. Gail then stated, "I guess the Reverend got tired of that and put his head down between my legs and started nibbling on "that". After a while he got up and told Clara Ward to try some of it, so Clara Ward went down on Gail for awhile. Gail stated, "I thirk Clara Ward is queer". (The understatement of the year).

The good Rea. King then luid Gail on the bed and rine inturcuirse with her white Clara Ward sat by in the chair and ucionicithe acioc: Afler uihat Gail stated seemed like hours, King rolled off cind lial

 a Negro male, name unknoun, entered the room and had a dirinit wid then stritped naind at live invitation of Fing aid he jiad intiorcourse with Gail on the bed while both Clara Ward aind the Rev. King watched the action jroin a closeby position. During the mornentary breais in the action, Clara Ward would do a little feeling and stroking of her own.

Page Three
Re: Marlin Luther King
Date: May 18, 1964

Gail then stated that she was getting scared as they were pretty drunk and all using filthy language and at last she told Clara Ward she would have to go. Clara Ward then told King that as Gail had to rehearse the following morning, they would have to leave. The Rev. King then whispered in Gail's ear, "I would like to try you sometime again if I could get you away from Clara'. At this time Gail and Clara left and had another drink at the bar in the Sands before parting company.

Gail stated to this investigator that "that was the worst orgy I've ever gone throug't and added that a few days later Clara Ward called her on the phone and asked her to come up to her, Clara's, room for a few drinks later in the evening, which Gail stated she refused to do.

The foregoing is a blow by blow account of the Rev. Ring's extra curricular activities during his stay here in our fair city, which leads me to believe that the good doctor doesn't exactly practice what he preaches, or does he?

Reference is made to certain sensitive-type coverage pertaining to captioned matter in the Atlanta Office.

For security reasons, it is logical and practical to use one Agent on a 24 -hour shift basis involving three Agents. However, only one Agent will be on each shift. Each Agent will make his basic forty hour week. The hours are from 12:01. pom. to 11:59 arm.

The above schedule will be followed UACB.

## ADDENETM: Domestic Intelligence Division ITF:pag 1-20-6A

This installation involves technical coverage on the residence of Martin Luther King and the Southern Christian Leadership Conference, both of Atlanta, Georgia. Both of these installations are pert of a highly sensitive investigation. It is necessary the the personnel involved be kept to a minimum for security reasons.

The installation involved is located at rented space away from the Atlanta office, necessitating that there be Bureau personnel on duty around the clock wad it is not feasible to dismantle the equipment each day. It would appear logical that one Agent departing and one entering at noon each day would cause less attention and afford more security than Agents working an 8-hour shift. Therefore, it is recommended that the schedule set forth by Atlanta be approved.

SECURITY MATTER - COMMUNIST

This is to advise you of the microphone and wire tap coverage that we have afforded Martin Luther King, Jr., President, Southern Christian Leadership Conference.

As you are aware King has been in close association with individuals having Communist Party backgrounds since his rise to prominence in the civil rights field. Among such individuals is his principal advisor Stanley Jevison, a long-time secret communist whose membership in the Communist Party, USA, has been established as late as July, 1963. Clarence Jones, another close advisor to King, was a former member and in a position of leadership in the Labor Youth League, a communist front organization. Bayard Rusting, another of King's close advisors, was a member of the Young Communist League in the early $1940^{\text {t }}$ s and is an admitted homosexual.

On October 10, 1963, Attorney General Robert F. Kennedy approved technical surveillance on King ${ }^{\text {s }}$ current residence or at any further address to which he may move. He also approved the technical "surveillance of the Southern Christian Leadership. Conference New York City Office or any other address to which it may be moved.

A wire tap was installed on King's residence, 563 Johnson Avenue, Northeast, Atlanta, Georgia, on November 8, 1953, and discontinued on April 30, 1965, when King moved from this address. It pas not reinstitutea on his new residence.

From October 24, 1963, to January 24, 1964, and from July 7, 1964, to July 31, 1964, a wire tap was maintained on the Southern Christian Leadership Conference New. York City Office. In addition, on October 21, 1963, Attorney General Kennedy authorize n a. Wire tap on the Southern Christian Leadership Conference Headquarters at Atlanta, Georgia, which was maintained from. November 8, 1963, to June 21, 1966, when Attorney General Nicholas deB. Katzenbach ordered it discontinued since he thought it might i. i be prejudicial to the possible prosecution of Hosea filliaans, a Southern Christian Leadership Conference official, under Interstate © Transportation of Stolen Motor Vehicles Statutes.

Memorandum to fir. W. C. Sullivan RE: MARTIN LUTHER MING, JR. 100-106670

In addition to the foregoing we maintained 16 microphones and 4 wire taps of a few days duration at various hotels and one temporary residence. These pere installed. because of the possibility of a meeting between King and his communist advisors. The 4 vire taps mere installed under the original authority given by the Attorney General on 10/10/63 concerning King *s residences.

Attorney General Katzenbach mas specifically notified of three of these microphone installations. In each, of these three instances the Attorney General was advised that a trespass was involved in the installation.

In addition, concerning microphone coverage of Kings, Attorney General Robert $F$ : Kennedy was furnished the pertinent information obtained, perusal of which would indicate that a microphone was the source of this information.

## PURPOSE:

Attached for your approval is a memorandum to the Attorney General requesting a telephone surveillance of Southern Christian Leadership Conference (SCLC), Atlanta, Georgia, in an effort to obtain intelligence of their plans for massive civil. disobedience in the Nation's Capitol and 10 to 15 cities throughout the United States in the Spring of 1968.

## BACKGROUND:

On December 13, 1967, you approved an airted which was directed to Atlanta Office requesting them to conduct a survey as to the feasibility of instituting a secure telephone surveillance of SCLC's headquarters, Atlanta, Georgia. By communication dated December 20, 1967, Atlanta recommends installation and advises it can be accomplished with full security.

OBSERVATIONS:
Since SCLC's President, Martin Luther King, Jr., has urged massive civil disobedience throughout the country in an effort to spur Congress into action to help the plight of the Negro, it is felt that we need this installation to obtain racial intelligence information

concerning their plans. King has warned that these massive demonstrations may result in riots. Because of this, we should be in a position to obtain intelligence so that appropriate countermeasures can be taken to protect the internal security of the United States. Currently there are 52 telephone surveillances in operation. Thirty -four of those are in Bureau cases and 18 have been installed at the written request of the State Department.

## Kennedy Drolered Fing Wireloup

By Drew Pecirson and Jack Anderson.

The ducstion of whether Bobby Kennedy, when Allorney General, ordered wide-- scale wiretapping and eavesdropping by the FBI has become the subject of some controversy. It is also very important in gauging Kemedy's cualifications to be Fresident, and whether he is telling the truth. After all, the credibility gap has become something of an issue these days.

In this comection, this columin has learned that, when ${ }^{2}$ Attorncy General, Mr. Kennedy ordered a wiretap put on the phone of the Rev. Dr. Mar(in Stuther King Jr.

Kemiedy denies this and other statements that he ordered or condoned the widescale wiretappiag or eavesdropning undertaken by the FII while he commanded the Justice Department. He states That nowhere in the Justice Department is there to be found a single eavesdrop order signed by him.
[Pierre Salinger, Senator Kiennedy's press representative, gave the following statemont to dichard Ilarwood of The Washington Post, traveling with the Senator in Oregont:" While he was Allorncy General, Sen. Kennedy never atehorized any wirclaps excegit in national securily cases
at the request of the TBBI. He never authorized any bugs at anybody's request."]
However, the facts in the eavesdropping on Dr. King are irrefutable, and we can report them in detail.
Attorney General Kennedy first ordered Dr. King bugged on July 10, 1063. His reason was that Dr. King was in tonch with various Communists and was being-influenced by them.
The order caused surprise in the FBI. During the 1960 clection campaign both Bobby and his brother, the late President, had offered to help Dr. King when he was arrested in Atlanta on Oct. 19 and refused to post bond in comneclion with a civil rights sit-in.
John F. Kennedy even issued a press release offering to help Dr. King, a gesture which had important effect on the Negro vote three weeks later. In Cook County it was the Negro vole which gave Kemnedy his slender 8000 -vote margin in lllinois and won him the Presidency.

## IBI Ohjects

When, therefore, the brother of the president ordered a wirclap on Dr. King's phonc, the FBI was amazed and opposed it. Courtney levans, who serverl as liaison officer beLweon J. Edear Hoover and Jobly Kennedy, fold the At-
torney General that Dr. King traveled a lot, so a wiretap, mirfht not be too effective. Also he said that the wirelap would have a bad reaction among Negroes, if discovered. The Atlorney General remarked that he was not in the least interested in repercussions.
He did not press the malter, and so the FBI did, not place any taps on Dr. King's wire. in July, 1963.

However, in October of that ycar Bobby Kemnedy signed an order for a tap on Dr. King's wires, and thereafter Dr. King's phone conversations were monitored.
This may heve been why the highly publicized confrontation between Dr. King and J. Edgar Hoover turned out the way it did.

On Nov. 18, 1964, Hoover called Dr. King "ine most notorious liar in the country" after Dr. King had urged eivil-
rights workers not to deport violence to the FBI on the ground that FBC agents were Southerners who would take no action.

- Dr. Jing hurried to Wrashington for a showdown with Ifnover. Emerging from the FBl director's office after their conference, Dr. King made a slatement surprisingly favorable to the Fi3I. He had no criticism for Hoover. Intimates ohave told us that Dr.

King suspected Hoover was tapping his wires. He wever, King never realized that the person who originally ordered the monitoring was Robert $F$. Kennedy, the man who had offered to help get Kind out of jail. Jater Kemnedy was one of the most headlined mourners at King's finneral.'
Lowever, we can report that the FBI faithfully carrieci on Kennedy's original instructions and submitied reguler reports on Jing's activitiesright up until the time of his death. They are consiclered of some importance now in trying to "rrack down King's assassin.
The wirctaps on King's phone also led to the reporting of King's movements around the country and various persons to whom he talked. These have been checked out for enemics and those who might be interested in assassinating ring.

The king wiretap was mobably the most sensational of the taps inspired or ordered by Gobby Kennedy when he was Allorney General, but it. was by no means the only one. This phase of his government career has been serutinized only casually in the past. Jow: ever, the mublic has a right to know all of his xecord before. voling on his qualificalions to be President.

[^2]> RE: SENATOR HUGH SCOTT ( R - PENNSYLVANIA) PROPOSED BILL TO CONIMEMORATE MARTIN LUTHER KING, JR.

Your attention is directed to the attached clipping from yesterday's 'Washington Daily News" indicating that Senator Hugh Scott of Pennsylvania proposed that one million bronze commemorative medals be struck in honor of Martin Luther King. Senator Scott indicated he would introduce a bill to authorize the medals and "a gold medal to be presented to Dr. King's widow." According to the article, the medals would be sold at cost to the Reverend Martin Luther King, Jr. Fund for Education at Morehouse College in Atlanta.

Senator Scott was first elected to the House in 1940 and was re-elected to seven additional terms. He was in the Navy for two years during the war and was first elected to the Senate in 1958, being re-elected in 1964.

Over the years we have had very cordial relations with Senator Scott, and the Director has regularly written him on his re-elections. He gave a tribute to the Director on the latter's 35 th Anniversary. The Director sent him an autographed copy of "A Study of Communism" in 1963.

In addition, on Nay 11, 1964, the Director thanked Senator Scott for his splendid comments on the Senate floor with regard to the Director's administration of the FBI. On July 15, 1966, the Dirccior sent Senator Scott a letter in comection with the latter's operation at Bethescia Naval Hospital.

On May 3, 1965, according to a confidential source, Martin Luther King participated in a panel discussion two days before in a panel commemorating Law Day sponsored by the Federal Bar Association. It was reported that Senator Scott was in attendance at this meeting and was "fawning" over King who gave the impression during his speech of trying to justify disobedience to the law.

As indicated above, Senator Scott has always been very friendly. In the recent past, he has been sympathetic to the Bureau's viewpoint in connection with the Safe Streets and Crime Control Bill now pending on the Hill.

In view of Senator Scott's friendly and cooperative attitude over the years, it is recommended that Mr. DeLoach brief him on a most confidential basis as to the background of Martin Luther King. Obviously, Scott has been 'hoodwinked" as to King's true background.

 BI ROBERT F. KENATED -Specific approval of wire tap on Martin Luther King
Article by Drew Pearson and Jack Anderson,

- Friday, 5/24/63

Jack Anderson cailed and stated he vanted to speak in confidence. I told him if it.concerned an official matter i could not agree vith this stipulation. He stated he merely wanted to tip me off that Drew Pearson will have an article on Friday, $5 / 24 / 6 \%$, alleging that former AG Bobby Kennedy ordered the IBI to place a wire tap on Martin kuther King. He stated the article would probably hurt Kennedy a great deal.

I told Andeason we would have no comment concerning fisuch an article; hovever, that $x$ felt he was dojng uis a great disservice inasmuch as the article vould certainly diry up Negro sources of information who have been friendly

Anderson stated he and Pearson were well aware of this fact; however, they felt that rennedy should.receive a death biow priow to the oregon primary. I told him that, as he had been adyised once before, the $F B=$ would not become involved in bitter political struggles and that the recond ; should.be quite clear concerning this fact. Anderson said he well uncerstood our position, and that he hoped Pearson's Colum would not affect the FBI too much. I told him that . remained to be seen.

Anderson aslred me if the FBI had disseminated a report conoeminr Kimg's commnist affiliations and sex life as of Frabiuaxy or march 28 , 1968. I told him I would make no comment. He stated he knew such a report was in existence and as a faatton of fact he had read such a report. I asked for the (jidentity oi his source. He stated he must refuse to toll me. Ull told him we well knew that Ed Weisl, Jx. had advised him

concerning specific information involving an old wire tan on King. I asked him pointblank if $V$ Nisi had allowed hin to read an $F B I$ report. He stated he had already admitted to me on one occasion that Weisl vas his source in the Departmont, but, that he mist refuse to reveal the identity of the source who had allowed him to read an FEI report. The conVersation ended with this statement.

He did disseminate an $\operatorname{HBI}$ report on King dated 3/12/68. - It may be that Anderson is blufining or it may be that he is talking about this specific report. It would be my thought that he possibly knows the date of the report, but has not been given a chance to'read it. Leak of information by department

Ed Weisl，$\frac{0}{2}$ ？Came over to see me at $4: 15$ pom．，5／17／68． He asked me if the rumor was true that was going around Washington to the effect that Bobby Kennedy lad specifically asked the FBI． to tap the telephone of Martin Luther King．I told Weiss I had not heard this rumor．I asked him what prompted his question．He replied that he had heard about this several times and，as a matter bf fact，a statement had appeared in a recent newspaper article．

I reminded Heist that Messes．Gale，McAndrews，and I had briefed him regarding 211 activities pertaining to Bobby Kennedy＇s requests for microphones and telephone taps during hiss tenure as Attorney General．I stated this brieising，as he should recall， concerned the basis on which the Department pleaded immunity in the civil suit against our agents in Las Vegas，Nevada．！

Weisl stated he remembered the briefing and，as a matter oof fact，this was when the information first came to his attention． I asked Yeisk why he was now asking me this specific question． He replied because Drew Pearson had found out about this matter and probably would print it in order to embarrass Bobby Kennedy．

I asked Weisl if he had discussed this matter with Drew Pearson．He replied in the affirmative and stated his father， Ed Weisl，Sr．，had also discussed the matter with Pearson．Weisl asked me if the rBI would have any objections to this matter being brought out before the public．I told him it appeared as if the matter had already been brought out before the public．I stated he should keep several things in mind，ie．，（1）regardless of how such an article was written，a segment of the Negro population of the United States would still feel very harshly toward the FbI and （1）this would obviously cut off some of our sources of information．

Weisl rebutted this statement with the fact that Richard

Mr. Tolson
the FBI had accumulated a number of tapes on King, as a result of the utilization of microphones. Veisl stated that pearson would obviously indicate that Bobby. Kennedy had ordered the FBI to toke this action. I told Weisl that, nevertheless, certain Negro groups would still blame the FBI, whether we were ordered to take such action or not.

Weisl stated he would try to keep the above matter from being printed, if the FB felt so strongly about it. I told him we held no. brief for Kennedy, in view of the shoddy way in which he had treated the. FBI; however, we did not want to be involved in any political maneuvers and action of this nature would most certainly concern politics. Wejsl stated he would try to keep this from appearing.

Richard Harwood did include in his recent article on the Director a statement that the FBI had several tapes on Martin Luther Ming, as a result of the utilization of microphones. This fact has also appeared in a number of other newspapers. Apparently Heist has discussed this matter with pearson---Peaxson desiring to print the facts in order to embarrass Kennedy.

The record is quite clear, through the medium of memoranda written by former employee Courtney Evans, that Kennedy first requested electronic coverage; however, Evans succeeded in talking him out of it. Several months later Evans approached Kennedy and requested permission for such coverage, at which time Kennedy approved this coverage. While an expose of such facts could obviously hurt Kennedy, such action would also harm the FBI from a public relations standpoint. Ye, therefore, should have no part in it and should discreetly discourage such action if brought to our attention.

ACTION -
If such an article is printed by Pearson, we should follow a strict "no comment" policy.

> | MARTIN LUTHER KING AT NATIONAL CATHEDRAL |
| :---: |
| MARCH 31,1968 |

I need not pause to say how perfectly delightful it is to be here this morning, to have the opportunity of standing in this very great and significant pulpit, and I do want to express my deep personal appreciation to Dean Sayre and all the Cathedral clergy for extending the invitation. It is always a rich and rewarding experience to take at least a brief break from our day-to-day demands in the struggle for freedom and human dignity and ability and enjoy envolvement in worship which concerns friends and goodwill all over our nation. Certainly there's always a deep and meaningful experience to be in a worship service. So, for many reasons I'm happy to be here today. I'm going to use as a subject from which to preach this morning, "Remaining Awake Through a Great Revolution." The text for the morning is found in the Book of Revelation. There are two passages there that I would like to quote from the 16 th chapter of that Book, "Behold, I make all things new," - "Former things are passed away.". I'm sure that most of you have read that interesting story from the pen of Washington Irvint emialied, "Rip Van Winkle." The one thing we usually remember about the story is that Rip Van Winkle slept twenty years, but there is
another point in that story that all too many people overlook. There was a sign in the inn from which Rip went up into the mountains for his long sleep. When Rip Van Winkle went up into the mountains, the sign had a picture of King George, III, of England. When he came down twenty years later, the sign had a picture of George Washington, the first President of the United States. Rip Van Winkle looked up at the picture of George Washington, and looking at the picture, he was amazed. He was completely lost. He knew not who he was. And this reveals to us the most striking thing about the story of Rip Van Winkle is not merely that Rip slept twenty years, but that he slept through a revolution. While he was peacefully snoring up in the mountains, a revolution was taking place that, in point, would change the course of history. Rip knew nothing about it, he was asleep. Yes, he slept through a revolution. One of the great tragedies of life is that all too many people find themselves living amidst a great period of social change and yet they fail to develop new attitudes, the new mental responses that the new situation demands. Thes ond up slec,ing throug a revolation. As a matter of fact, there is a great revolution taking place in the world todal. In a sense it is a twinje revoiution; that is, a terbnioner: revolution in weaponery with the emergence of atomic and nuclear weapons of warfare. Then there is the human-rights
revolution, with the freedom explosion that is talring place all over the world. Yes, we do live in a period where changes are taking place. There is still the voice crying in the abyss of time saying, Behold, I make all things new. Former things are passed away. Now, when anything new comes in history, it brings with it new challenges and new opportunities. I would like to deal with the challenges that we face today as a result of this triple revolution that is taking place in the world today. First, we are challenged to develop a world spectacle. No individual can live alone. No nation can live alone; and anyone who feels that he can live alone is sleeping through a revolution. The world in which we live is geographically one. The challenge that we face today is to make the one term appropriate. Now, it is true that the geographical oneness in the days to come will be to a large extent through modern man's scientific ingenuity. Modern man, through his scientific genius has been able to go long distances through great time and change. Our jet planes
 even months. All of this tells us that our world is a neinhborhord. Throurh our scientific and technological genius we have made of this world a neighborhood; and yet we have not jet the ethical committments to make us a brotherhood. Somehow and in some way we got to do this. We must all learn to live
together as brothers, or we will all perish together as fools. We are tied together in a single bond of destiny, thwarting any escape from the network of mutuality. Whatever people want directly, affects all indirectly. For some strange reason that I can never be what I ought to be until you are what you ought to be; and you can't be what you ought to be until I am what $I$ ought to be. This is the way God's universe is made. This is the way of its structure. John Donne caught it years ago and finished in graphic times, "No man is an island entire unto himself. Everyman, is a piece of the continent, a part of the main. . " and he goes on toward the end to say "For everyman's death diminishes me because I am a part of mankind. Therefor, never send to know for whom the bell tolls; it tolls for thee." We must seize this, believe it and live by it, if we are to remain awake through a great revolution. Secondly, we. are challenged to eradicate the last vestiges of racial injustice from our nation. I just say this morning that racial injustice is still the rlach man's burdfa and the rhite ran's shame. It is an unhapy truth that racisin is a way of iife, and a vast majurity
 subtly. Sometimes not so subtly. The disease that "racism permeates and poisons the whole body politically. I can see nothing more urgent for America to work passionately to get rid of the disease of racism. Sonething positive must be done.

Everyone must share in its guilt; individuals and institutions. The Government must certainly share the guilt; individuals must share the guilt; even the church must share the guilt. We must face the facts that 11:00 $0^{\circ} \mathrm{clock}$ on Sunday morning when we stand to sing, "In Christ, there is no East nor West," we stand in the most segregated island of America. The hour has come for everybody from all of the institutions to disect from this body its cancer, and worl to get rid of racism. And now as we have to do it, we must honestly admit certain things. We must get rid of certain myths that are constantly being disseminated all over our nation. One is a myth of time. There is a notion that only time can solve the problems of racial injustices. There are those who often appear to say to the Negroes that are in the white community, "Why don't you slow up? Stop pushing things so fa\&t. Only time can solve the problems. If you will just be nice and patient and continue praying, in a hundred or two hundred years the problem will work itself out." There is an answer to that myth: It is that time is neutral. It can be used either constructirely or destructively. I an sorry to say this mornins that $I$ am arsolutely convinced that the forces of ini
 people on the wrong ground use time much more effectively taais the forces of good will. It may well be that we will have to impeach this generation. Not merely for patriotic words and devout actions of the bad people, but for the fallen silence
and indifference of the good people who sit around and wait on time. Somewhere we will come to see that human progress never rolls in on wheels of inability. It comes through tireless efforts and persistent worls of dedicated individuals who are willing to be co-worlsers of God. Nithout this hard work, time itself becomes an ally of the primitive forces of social stagnation. So we must help time and realize that the time is always risht to do risht. Now there is anothor myth that still gets around. It is kind of over-reliance on the boot-strap philosophy. Now those that still feel that if the Negro is to rise out of poverty, if the Negre is to rise out of slum conditions, if he is to rise out of degradation and segregation, he must do it all by himself and so they say the Negro must lift himself by his own bootstraps. They never stop to realize that no other ethnic group has been a slave on American soil. The people who say this never stop to realize the debt they owe us who were kept in slavery 244 years. In 1863 the Negro was told he was free as a result of the Enancipation Proclamation being signed by Abraham Lincoln. He
 was something like keepins a person in prison for a numuer of Jears and suciconly cizsoverins that that person was not guilty of the crime for which he was convicted, and just go up to him and say now you are free. But you don't give him any crutch against time. You don't give him any money to get some clothes for his back or shoes for his feet. Yet this is the
very thing that our nation did to the black man. It simply set him free and just left him in ignorance, not knowing what to do. And we all know that at the same time the nation failed to do anything for the black man, through an Act of Congress, it has given away millions of acres of land west of the Mississippi which meant that it was willing to share with the white man the tools of economic force and grame power to them. They sent men to teach them to fanm. Not only did they provide county agents but as the years unfolded they provided low-interest rates so they could mechanize their farms, and to this day, thousands of these vexy persons have been seizing millions of dollars in federal subsidies every year not to farm, and they are the very ones who tell Negroes they must lift themselves by their own bootstraps. It is all right to tell a man to lift himself by his bootstraps. But it is a cruel jest to say to a shoeless man that he ought to lift himself by his own bootstraps. We must come to see that the roots of racism are buried deep in our country. And there must be something positive and naturai in oincu to du ria of ail lic didect of rauisan and tragedy of racial injustices. And there is another thing closely related to racism that $I$ should like to rention as another challenge. We are challenged to rid our nation of the word poverty. Like a monstrous octopus, poverty spreads its nagging prehensal tenacles into hamlets and villages all over the world. Two-thirds of the people of the world go to bed hungry at night. They are ill-housed, they are ill-nourished.

I have seen it in Latin America; I have seen it in Africa;
I have seen this poverty in Asia. I remember some years ago, Mrs. King and I journeyed to that great country known as India. And I never will forget the experience. It was a marvelous experience to meet and talk with the great leaders of India and get to talk with and speak to thousands and thousands of people all over that vast country. These experiences will remain dear to me as long as the haunts of memory linger. But I say to you this morning, my friends, there are those in Christendom - when they see with their own eyes literally millions of people are going to bed hungry every night - when he sees with his own eyes God's children sleeping on the sidewalks at night - In Bombay, more than a million people sleep on the sidewalks every night. In Calcutta more than 600,000 sleep on the sidewalks everynight. They have no beds to sleep in; they have no houses to go in. He discovers that in our vast population, more than five hundred million people, some 480 million, make an annual income less than $\$ 9000$ a year. Most of them have never seen a doctor or nurse, and I know that we Americans say we are not conctrned but . . . an anstior cüne "On no . " for the
 every orher nation. he spend in America l.allions of ciutiars a day to store surplus. I know where we can store that food free of charge - in the stomachs of millions of God's children Who go to bed huncry. laybe we spend/too much of our national
budget establishing military bases around the world, rather than basing our genuine concern and understanding in order to alleviate poverty abroad. I would remind you in our nation there are 40 million people who are poverty stricken. I have seen them here and there. I have seen them in the ghettos of the north. I have seen them in the rural areas of the south. I have seen them in Appalachia. I have been in the process of touring many areas of our country and I must confess it is some situation where I literally found myself crying. I was in Marks, Mississippi the other day, which is in Quitman county, the poorest county in the U. 'S. I tell you I saw hundred of little lack boys and girls walking the streets with no shoes to wear. I saw their mothers and their fathers trying to carxy on the Head Start Program, but they had no money. The Federal Government hadn't funded them, they were trying to carry on . . . they raised a little money here and there; trying to get a little food to feed their children . . . trying to teach them something. And I saw mothers and fathers who said to me, not only were they unclotined, but they didn't get any kind oi inccire - no oiluage fension - no welfare - they didn't get anything. I said.
 netrphors and ask for a little something. When the berry season cones, we pick berries. When the rabbit season comes, we hunt and catch a few rabbits and that is how ge get it."

I was in Newark and Harlem just this week and I walked into the homes of welfare mothers. I saw such conditions - no wall-to-wall carpets - wall-to-wall rats. So I stood and talked and this welfare mother said to me even the landlord won't repair the place. "I have been living here 2 years. He has not made a single repair." She pointed out how a little boy was the victim of lead poisoning. She pointed out the wall and ceilinss ialling, and the hole where the rats cane in night after night. They have to stay awake to keep the rats and roaches from getting to the children. I said how much do you pay for this apartment. She said $\$ 125$. I looked and said to myself it isn't worth $\$ 60$. Poor people are forced to pay more for such living conditions. Tragedy rears so often. These 40 million people are embittered. Because America is so affluent and so rich - because thex are expressways carrying away from the ghettoes of the poor -

Jesus told a parable one day. He reminds us a man went to hell. because he didn't feed the poor. The man was Diabees (Phonetic). He was a rich man. And there was a poor man in Nazareth who was
 body. He was so sick that he could hardly move. He managed to
 crumbs that had fallen from his table. Diabees did nothing about it - Now when he died, Diabees went to hell - there was
a rock between Lazarus and Diabees. There is nothing in that parable that says that Diabees went to hell because he was rich. Jesus never made the universal indictment against all wealth. It is true that one day a rich young man came to him and Jesus told him to sell all . . . Jesus was prescribing an individual surgery and not setting forth a universal diagnosis. If you will look at that parable and all its sumbolismat, you ;ill remomber that the conversation took place between heaven and hell. And the angels had longdistance calls. It was Abraham talking to Diabees. Now Abraham was a very rich man. If you go back in the Old Testament, you will see he was one of the richest men of his day. Diabees didn't go to hell because he was rich. It was Diabees didn't realize his wealth was an opportunity. It was not his riches that separated him from brother Lazarus. Diabees went to hell because he passed Lazarus every day and didn't really see him. He went to hell because he allowed his brother to become invisible. Diabees went to hell because he maximized the minimum and minimized the maximum. And went to hell because he sought
 can happen to Anerica. . the richest country in the world. There's nothing wrong with that. This is Anerica of cuntunver to help bridge the gulf between the have and the have nots. Tne question is whether America can do it. It has nothing to do with poverty. What is new is that we now have the techniques and resources to get rid of poverty. The real question is whether wo have the will. In a fow reelis, some of us are coming to

Washington to see if the will is still alive. We are coming to Washington in a poor-peoples campaign. Everyone is bringing his pride along. The poor, the masses, we are going to bring all those who have known long years of hurt and neglect. We are going to bring those who have come to feel that life is a long and carved door with no exit sign. We're going to bring children, adults, and old people. People who have never seen a doctor or dentist in their lives. iie are not coning to Histrionic gestures engage in any historic ristas. We are coming to demand the Government to adjust itself to the problem of poverty. We read one day we hold these truths to be self-evident. That all men are created equal. That they are endowed with their Creator in certain inevitable rights. That among these are life, liberty and pursuit of happiness. But if a man doesn't have a job or income, he has neither life, nor liberty, nor possibility for the pursuit of happiness. He merely exists. We are coming to ask Anerica to be true to huge promise of prophetic signs years ago. We are coming to engage in traumatic non-violent action to call attention to the growth between promises.fulfilled.
 it this way because it is our experience a nation doesn't move around questions oi genuine equality, especiall: when the non is involved until it is confronted massively. A great documentary is here to tell us that something should be done. He met here some years ago in a white House conierence on civil rights. lie came out with the same recommendations that we will be demanding in our campaisn here, but nothing has been done
about it. The President's Comission on technology, automation and economic progress recommended these things some time ago. Nothing has been done. Even a Presidential Board which was made up of mayors of other cities of our country, the leading businessmen, have said have these things done, still nothing has been done. Crime Commissions have come out this report, just a few days ago. Nothing has been done. In summary, nothing will be done till people of goodwill put their hearts and souls in motion. I believe this will make the difference. Yes, it will be a poor peoples campaign. This is the question facing America. Ultinately, a great nation is a compassiona $\frac{\text { 学e nation. America }}{}$ has not met its obligations and its responsibilities to the poor. One day we will have to stand before our God and history. We will talk in terms of things we've done. Yes, we will be able to say we built gaxgantuan bridges to span the seas. ife built hugh buildings to kiss the sky. Yes, we have made our subnarines to penetrate oceantic depths. fie brought forth many other things of scientific and technological power. It seems that I can hear God and history saying That is not

 Anerica roday and I wani to say one other challenge we lace simply that we must find an alternative to war and bloodshed. Anyone who feels, and I fear that a lot of people feel this way - that war can solve the social problems of mankind, is
sleeping through a revolution. President Kennedy said on one occasion mankind must put an end to var or war would put an end to mankind. The world must hear this. I pray God that America will hear this before it is too late because today we are fighting a war I am convinced that it is one of the most unjust wars that has ever been fought in the history of the world. Our involvement in the war in Vietnam has torn up progress in Geneva . . strengthened the military industrial complex. It has strengthened the forces of reactionaries in our nations. It has put us against the self-determination of the vast majority of people. Put us in a position of protection of a corrupt regime that is stacked arainst this world. It played havoc with our domestic destiny. This day We are spending $\$ 500,000$ to liill every Vietcong soldier and every time we kill one, we spend about $\$ 500,000$, While we. spend only $\$ 53$ a jear for every person trying to rise in poverty-stricken or so-called poverty programs which is not even a good skirmish against poverty. Not only that, it has put us in a position of appearing to the world that here we are ten thousand miles away from home, fightins for the socalled freedo: of the Vietnamese mosle, when :ir do not even sut our own house in order. iie force youne blacir men, yourn

 The judgment of God is on us today. We could go right down the line and see that something must be done, something must be done quickly. We have alienated ourselves from other nations but we end up morally and politically isolated in the
world. For a few quiet nations like Taiwan, Thailand, South Korea, and a few others, this is where we are. Mankind must put an end to war or war will put an end to mankind. The best way to start is to put an end to the war in Vietnam because if it continues, we will inevitably come to the point of confronting China, which could lead the whole world to nuclear annihilation. It is no longer a choice, my friends, between violence and nonviolence. It is between nonviolence and nonexistence and the alternative to this armanent, the alternative to greater suspension of nuclear tests, the alternative to strengthen the United Nations and thereby disarming the ;hole world may well be a civilization plunged into the abyss of nuclear holocaust. The world could be transformed into an inferno that even the mind of Dante could not imagine - this is why I am raising my cause today rorking wherever $I$ can to arouse the conscience of the nation. I remember so well when $I$ first took my stand acainst the war in Vietnam, how the critics took me on. They had their say in sometimes the most vicious may. One day a news-

There comes a time when one must take the position that it is neither political nor popular but he must do it, because conscience tells him it is right. I believe today that there is the need for all people of good will to come with an active conscience. Say, in the words of the old Nesro spiritual, we ain't gonna study war no more. This is the challenge facing modern man. Then we close by saying we have twelve days ahead to struggle for justice and peace. I would not yield to a politician of despair. I'm gonna maintain hope. As we come to lashington in this campaign, the cards are stacked against us. This time we will really confront a goal line. More than two centuries, our forefathers labored here vith outrases, the cotton cane, they built the homes of the farilites under the most humiliating and oppressive conditions. Yet out of
abundant vitalities, they continue to grow and develop. If the unexpressable cruelities of slavery could not stop us, the opposition that we now face will surely fail. We gonna win our freedom because both the sacred heritage of our nation and the eternal will of the Almighty God are embodied in our ever-growing demand. I still can sing, we shall overcone. With this faith, we will be able to transform the national course of our nation to a beautiful symphony of brotherhood. God grant that we will be participants in this newness, this magnificent development. If we will but do it, we will bring about a new day of justice and brotherhood and peace. SPEECH BY MARTIN LUTHER KING BROADCAST-BY STATION WOL AT 8:30 P.M., $3 / 31 / 68$

UNMAN: (Commentator on WOL) Black ministers from around the country recently met to attack the problems of community leadership. We join Dr. KING as he delivers the closing speech to this group.

KING: We have discussed many issues; we have deliberated; we have had fellowship together, and we have heard many eloquent, profound and passionate presentations. In a real sense, for so many of us, this has been a mountaintop experience. There are those transfiguring moments in Iife when we do ascend a mountaintop, where we are inspired, where we are lifted and where we feel a sense of eternity. But I want to say to you today that in a few hours we will be returning to the valley. The valley calls us. We will be returning to valleys filled with men and women who know the ache and anguish of poverty. We're going to be raturning to valleys filled with thousands and thousanas of young people who lost faith in America. We go pack to a valiey filled with biack peopie kro Eic in moments of despair because of their circumstances and ever again they unconsciously find themselves crying out with PAUL (LAWRENCE DUNBAR) (ph) a crust or bread and a corner to sleep in, a minute to smile, and
an ( ) to weep in, a pint of joy to a peck of trouble, and never a laugh as the moans come double, and that is life. Now these cries are in the valley that we must go back to. The fact is that the vast majority of Negroes in America are still perishing on a lonely island of poverty in the midst of a vast ocean of material prosperity. Now you know what happens in the realm of semantics that different words are used when you deal with the poor, the oppressed, the separated. Whenever you have massive unemployment in the black communities, it's called a social problem. Whenever you have massive unemployment in the white community, it's called a. depression. The fact is that that is a depression in the black community. Now the other thing is whenever the government provides opportunities and privileges for white people and rich people, they call it subsidies; when they do it for Negroes and poor people, they call it welfare. The fact is that everybody in this country lives on welfare. Suburbia was built with federaliy subsidized credit and the highways that taree our winte brothers out to the sutures were buint wivi deturnoz subsidized money to the tune of 90 percent. Everubeny is on welfare in this country. The problem is that we
all too often have socialism for the rich and ( ) free enterprise capitalism for the poor; that's the problem. As you know the economic problem is serious, and this has made for a lot of despair, made for a lot of bitterness, and a lot of anger in the black community; the situation is getting worse everyday. This anger has ended up in explosions of violence over the last few summers, and yet I don't see a riot as the answer; they don't pay off as from a practical point of view the enormity of the suffering and the loss of life far outweigh the gains that come as a result of our burned cities. We have to face this ( ) fact that no subsiantive change has come to America or to any city as the result of a riot; the only thing we see is a quick token poverty grant and maybe some water hydrant (squares) or what have you, and that's about it; no substantive change has come; no schools have moved toward more quality integrated education as a result. The job problem has not been solved as a result of the riots; we have to face it. So I don't see this as an answer, and yet comething has to be done to get thes nation to see that it has a morai responsibility to see that everybojy in this country should have a job or an income. Years ago America signed a huge promissory note and placed it
in its Declaration of Independence and talked about all men being created equal, and then it went on to say they are endowed by their Creator, and you know this creed did not say some men, it said all men; it didn't say all white men; it says all men which includes black men. And it goes on to say something else which ultimately distinguishes our form of government from other totalitarian regimes; it said that each individual had certain basic rights that are neither derived from or conferred by the state. In order to discover where they came from, it is necessary to move back behind the dim mist of eternity, they are God-given. Now this is what the nation said, but it hasn't lived up to that. Eight years from now we will celebrate 200 years of independence in this country, but I wonder if the black man will be able to celebrate it. What life have we known? Too often it's a life of unemployment, of misery and poverty. What liberty have we known? Too often it is merely the laberiy to move from one sime to another I don'u fnow if we can celebrate it eight or nine years from now. Now We're gaine to rashirgion ard outinne oux domaniz: ante going to the seat of government with an outline of demands; now why do we have to go? Because, number one, we must
find an alternative, the riots on the one hand and timid supplication for justice on the other and find a way to transmute the ( ) waves of the ghetto into a creative and constructive force. Well, that's one reason we need to go; people are angry; people are frustrated; they are bewildered, and you got to give an outlet, so we need to go to Washington for that reason. But the other reason is that this country never moves on the question of civil rights or genuine equality for the black man until it's made to move through pressure; it just doesn't happen; I wish it did; I tell you the truth, I'm tired of marching; I'm tired of going to jail; I'm being very honest about it. Now everybody .... not everybody but many people are saying that something should be done about the slums, about the economic problems that we face in the black community. I could mention source after source; three Presidential commissions have said it; they said everything that we gonna .... everything that we will demand in Washington they have already written down on paper and said it should be
 Progress said it; the White House Conference of Civil Rights said it; after the Detroit riot a group was formed
called Urban Coalition with the mayors in most of the big cities in our country, and even some of the conservative mayors agreed that a massive program has to come into being to provide jobs for everybody desiring jobs; this is what the Urban Coalition came out with. LEANSER ( ph ) had been one of the architects of it and others, but you had on there some of the outstanding businessmen, DAVID ROCKEFELIER, HENRY FORD, and you can go right down the line. They have asked in a document for everything that we'll be talking about in Washington. "Newsweek" magazine, for the first time in its history, broke from its past policies of not editorializing about things like this and said the time for action is now; it's urgent and they recommended all the things about that we are gonna be asking for. The Harris poll revealed that $68 \%$ of the American people feel that some kind of massive program ought to come into being to provide jobs for everyone desirous of working; it revealed that $64 \%$ of the American people feel that slums should be eradicated, and the communities rebuilt by the people wo lise in thex whar would be anowsen monejue job program. So it seems there is a concersus in tre nation about this thing, and yet our Congress is sitting around fidding while the cities are burning. They aren't going to do a single thing until we act and
until we act massively, until we create a non-violent crisis in this nation, and we are organizing right now some 15 communities. We want to start. out with 3,000 poor people who have been trained in the discipline of non-violence, a thorough understanding of the demands because they must be their demands, and that would be the first wave, but you see you don't deal with hardhearted Pharoah with just one plague; you gotta keep plaguing Pharoah, and we want waves and waves; we want to start out with this group to be sure we have a disciplined group to set the pattern and start out and then every day and every week we just want waves of people coming in bringing back grievances to Washington, saying we demand change. This is a poor people's campaign, and those who come who are a little more affluent will come in a supportive role fighting for something for poor people. And I urge you to do it because this is so much of our ministry; this is what our ministry really means. You know, you ifnd it in your congregations; there are some among us in the middle class who kind of float out of the maddy waters ind maname to eat ento the iresh flowing waters of the mainstream to a degree, and they forget the stench of the back waters. We must not allow our poorer brothers to be ignored; we, as preachers, must
join hands with them. PAUL KILLECK (ph) is right; sin is separation. What represents it more than what we see going on in our nation and in the world; we're separated from ourselves, separated from our neighbors, and finally separated from God, and we are going to Washington to try to deal with some of these problems, and I said earlier it is not MARTIN LUTHER KING; it's these men around me, they do the work. They're men who are humble but at the same time are dedicated to the struggle; they are humble enough to take cuts in salaries; I know what I'm talking about; they could make much more, but they are doing this, and I don't mind asking you that we need your support; I don't mind saying to you today that we want you to leave here committed to this church, SCLC is a church, a church in action. It is not no accident that most of the staff members and board members and leaders are preachers in SCLC, and I am not saying that other civil rights organizations should not be supported, but I am saying that it is conviction

 (Dome applause) We need your support to set buses and to get people into Washington. We got to feed people; you've got to do a lot of things. If everyone of you in your communities would help us, America will see a
movement that it has never seen before. After we get to moving, people will be coming from everywhere, and I want some congressman to go to the window and look out and say, I see a lot of people on these highways. Where are these people coming from? Who are they? And I want someone to go in there and say they are coming up out of Mississippi and Alabama. And I want somebody to go by there and say they are coming from the ghettos of Chicago, Detroit, Newark, New York, and Philadelphia. I want somebody to say they are coming up out of great trials; they are coming up out of years of neglect and years of hurt. Who are they? These are they. And I want somebody else to add, How many do you see out there? And I want somebody just to say, I've been trying to count them all, but it seems there need to be a number that no man can number. I am fired up over Washington ... .... I want you to be in Washington with us, and I am serlous about this, the nation need this. And I am going on to say that these are days that demand for us as clergymen a committed empathy. And a kind of dangerous altruism. This is what is demanded of us todivy, a dangerous altruism; we have got to give ourselves to others. Jesus told another parable, "One day a man came to Him and raised a lot of questions, and finally he ended up saying who is my neighbor?" Now that question
could have very easily ended up in a philosophical deibate. But Jesus immediately pulled that question out of mid air and placed it on a dangerous curve between Jerusalem and Jericho, and He talked about a certain man that fell among thieves. You know the story, I don't have to go through it. Finally the man who helped was a man of another race. And I want to tell you a little about it because I thought about it several times when I've been in the Holy Lands. We ask the question: Why? ...did the Priest and the Levi pass, and we come out with a lot of imaginary ideas; sometimes we say that they were busy; they had to get down to some ecclesiastical conference; at other times we say that maybe they were following a religious law which said that one was not to touch a human body 24 hours before carrying on a religious service, and then sometimes we say that this is a possibility that maybe the men were going down to Jericho to organize a Jericho road improvement association, and maybe they felt that it was better to get at the problem, at the cause of the source rather than get bosged down in an
 of this parabie, my imagination goes somewhere eise. It is possible that these men went on the other side too because they were afraid. And it's possible, you see,
that when that Levi and Priest saw that man over there, they said that maybe the man is just a faker, and maybe he is just there to lure us over for quick and easy seizure, and now they could have said that maybe the robbers are still around, and we better get on and get out of this situation. You know the words. The first question that the Priest asked; the first question that the Levi asked, was if I stop to help this man, what will happen to me? But the good Samaritan reversed the question: If I do not stop and help the man, what will happen to him? That is the ultimate question of life. So often we are thinking about our jobs, our prestige, our positions, and we find ourselves saying: If I take a stand for this cause, what will happen to me? Will my home get bombed? Will I get put in jail, or will I lose my prestige in a particular group that I am in? That is divorced from the problem. What will happen to me is so often the question that we raise. Yeah, will I get put off the poverty board? What will happen to me? But the great question is if I do not take a stand, what wila happen to our trithers and cur こistere wí are suffering? This is the question that ke ais have to weigh. I have weighed it in my life; I remember when I first took my position against the war in Vietnam, almost
every newspaper in the country critized me. They don't bother me too much now because too many people agree with me, but when I took the position at first, it was a low period in my life; I could hardly open a newspaper. It wasn't only white people; it was Negroes. I must rush on to my conclusion, but I want to say that we are not only priests, but we are prophets. When God speaks, who can but prophesy. Prophesy until slums and rat-. infested ghettos be a thing of the dead past and a dark past. And every man will be able to live in a decent sanitary house. Go out and prophesy until the vital industries of Appalachia are revitalized, and the wrinkled stomachs of Mississippi are filled. Go out and prophesy. Until brotherhood will no longer be the end of a world, at the end of a prayer, but the first item of business on every legislative agenda. Go out and prophesy. Until our state houses and city halls will be filled with men who will do justly, who will love mercy, and who will walk humbly with their God. -Go out and propinesy. Until even the lion and the lamb can lie down together. ind
 none shali be arraid. It won't always be easy. Sometamaj it may cause one of your children to ask you, "Daddy, why do you have to go to ja11 so much?" It may mean losing a job; it may mean weary nights.

It may mean standing amid the chilly winds of adversity, but if we are followers of Jesus Christ, we know that Christianity is not a euphoria of unannoyed comfort and untroubled ease. What is it? It means taking up the cause, taking it with all its (tich) and pack agony and bearing that cross until it leaves the very marks of Jesus Christ on your body and on your soul. We need to take up the cross and follow Jesus, and finally as we leave, we are going back to a valley that is filled with despair; people have lost hope. We have the job of transforming the fatigue of despair into the buoyancy of hope. When people lose hope, they die spiritually and physiologically; keep the hope, the flame of hope burning. When people lose hope, they develop a disease called give-up-itis, and they develop a kind of nihilistic philosophy, which concludes that you can't change anything, so let us go on and disrupt for disruption's sake; let us go back and tell young men and young women that it is dark now; it is dismal, but maning will surely come; weeping may tarry for a night, but foy ccmeth in the rorntra. Oh, I bepaeve that. Go cask ard teaz our brothers and sisters to wait until the morning; don't give up too early; tell the black nationalists who want to give up on non-violence, don't give up yet; we haven't
tried it in the North on a massive scale yet; go back and tell them that if this building caught afire, and you got three or four buckets of water to try to put the fire out, and it didn't put the fire out, you wouldn't say that water can't put the fire out. You'd just say that you need more water more efficiently and intelligently applied. It doesn't mean that non-violence won't work; we haven't tried it on a massive scale in the North. Everything that we have set out to get through a nonviolent movement, we have gotten that. It's a success story; tell them to wait until the next moming; don't give up yet. I'm not going to stop singing "We Shall Overcome" because I know that ( ) is long, but it bends toward Justice. I'm not going to stop singing "We Shall Overcome" because I know that the truth crushed to earth shall rise again. I'm not going to stop singing "We Shall Overcome" because I know that the Bible is right. You shall reap what you sow. I'm not going to stop singing "We Shall Overcome" because I know that one day the God of the universe will be able to say to those who rase lister to ham; I'... rou a Fianion, don't play with me; I will rise up and break tre baokione
of your power. I'm not going to stop singing "We Shall Overcome" because mine eyes have seen the glory of the coming of the Lord counting out the goodness where the grapes of wrath are stored. Glory Hallelujah, His truth is marching on. Thank you for listening and a special word of thanks to those of you who support the work of the SCLC in our struggle for freedom and human dignity.

MEMORANDUN FOR THE ATTORNEY GENERAL
. RE: COMMUNIST INFILTRATION
SOUTHERN CHRISTIAN IEADERSHIP CONFERENCE
8. С.:.

By letter dated January 2;' 1968, authority was requested to institute a telephone surveillance on the national heqaquarters of the Southeṛn Christịan Leadeṛship Conference, 330 Atiburņ Avenue, N. E. , Atlantas. G̣eorgia, because its President, Martin Luther King, Jr., had publicly announced he would lead a massive civil disobedience in the nation's Capital in the Spring of 1968. At that time it was pointed out that these massive demonstrations could trigger riots.

By letter dated January 3, 1968, you declined authorization of this installation because, "There has not been an adequate demonstration of a direct threat to the national security."

In view of the recent developments in Nemphis, Tennessee, where King led a march that ended in a riot, it is reasonable to assume the same thing could happen later this month. when King brings his "Poor People's March" to Washington, D. C.

King, the day after the Memphis riot, was in conference with his prịncipal adviser and long-time secret Comunist Party rember, Stanley Levisnn, concerning the events of the preceding day. King stated he was considering calling off the Washington march. Levison advised him to continue his plans for the Washington march.

MEIORANDUM FOR THE ATTORNEY GENERAL
RE: CONINNIST INFILTRATION
SOUTHERN CHRISTIAN LEADERSHIP CONFERENCE

Despite this violence in Memphis, Levison and King are continuing their plans for this massive civil disobedience to start the latter part of April, 1968, in Washington, D. C.

In view of the internal security aspect involved, authority is requested to install telephone surveillances of the Southern Christian Leadership Conference at its national headquarters at the above-listed address and also at its local headquarters, 1401 U Street, N.W., Washington, D. C., so that we can keep apprised of the strategy and plans of this group.

SOUTHERN CHRISTIAN LEADERSHIP CONFERENCE

PURPOSE:

Attached for your approval is a memorandum to the Attorney General requesting a telephone surveillance of the Southern Christian Leadership Conference (SCLC) headquarters at Atlanta, Georgia, and Washington, D. C., in an effort to obtain intelligence data concerning massive civil disobedience planned for the nation's Capital the end of April, 1968, by Martin Luther King, Jr.

BACKGROUND:
On January 2, 1968, we requested the Attorney General to authorize the installation of a telephone surveillance on the headquarters of SCLC in Atlanta, Georgia, because of possible riots which might ensue with King's planned Washington march. By letter dated January 3, 1968 the Attorney General denied our request advising, "There has not been an adequate demonstration of a direct threat to the national security."

## OBSERVATIONS:

Since Levison, a long-time secret communist, is counseling. King to continue the Washington march in spite of the Memphis riot, it is felt we should again request the Attorney General to authorize a telephone surveillance of SCLC since it would appear that a threat to the national security now exists. We have a total of 53, telephone surveillance in operation of which 34 are in Bureau cases and 19 are at the written request of the State Department.

I am declining authorization of the requested installation of the above telephone surveillance at the present time. There has not been an adequate demonstration of a direct threat to the national security. Should further evidence be secured of such a threat, or re-evaluation desired, please resubmit.

Other investigative activities should be undertaken to provide intelligence necessary to the protection of the national interest.

INTERVIEW WITH DIRECTOR
At 9:30 p.m., 6/24/69, Bill Barton of the Associated Press, telephoned Bishop and advised that the Associated Press had learned that the above captioned women reporters, who are with Knight Newspapers, claim to have had an exclusive interview with the Director on Tuesday, June 24, 1969. He stated that the only information about the contents of the interview that he has is to the effect that Mr. Hoover informed these reporters that "that racist columnist, Rowan" started the current controversy regarding wiretapping, that Mr. Hoover allegedly stated that Government agencies, "all over town" have been wiretapping, and that they quote Mr. Hoover as stating that he did not wish to get into the wiretapping of King but that former Attorney General Kennedy ordered it. Barton wished to know if the alleged interview with Mr. Hoover was authentic and if the FBI had any comments to make concerning it.

After checking with Miss Gandy and Mr. Tolson, Bishop was advised by Mr. Hoover that we should have no comment to make concerning this matter. Accordingly, at 9:55 p.m., 6/24/69, Barton of the Associated Press was advised that the FBI had no comment to make.

Attached hereto is a copy of a United Press International (UPI) story which appeared in "The Washington Post" on June 25, 1969, reporting on the alleged interview. Efforts are presently being made to secure copies of the "Detroit Free Press" as son as they arrive in the Washington area, inasmuch as the full report of the alleged interview is contained in that newspaper, according to the attached article.

It is recommended attached document regarding Martin Luther King, Jr. be furnished President-elect Nixon and the Attorney General designate, after the inauguration, in view of the agitation by some irdividuals and groups that King's birthday be made a national holiday.

The Southern Christian Leadership Conference, formed by King, held demonstrations on January 15, 1969, King's birthday, to urge that that date be made a national holiday. According to press accounts, Reverend Ralph D. Attorney General Ramsey Clark announced today that the FBI has identified James Earl Ray, an escapee from the Missouri State Penitentiary, as Eric Starvo Galt, against whom a Federal complaint was filed last Wednesday in connection with the fatal shooting of the Reverend Dr. Martin Luther King, Jr.

Director J. Edgar Hoover said that a systematic and exhaustive search of latent fingerprints uncovered in the Dr. King case against the fingerprints of the over 53,000 persons for whom "Wanted Notices" have been posted in the files of the FBI's Icientification Division led to the determination that Galt and Ray are identical,

Mr . Hoover said that Ray, who is 40 years of age, was reported missing from the Missouri State Penitentiary at Jefferson City, Missouri, on April 23, 1967. He had been received at that institution on 2iarch 17, 1900, to serve a 20-year sentence fcinotizio conviction in St. Louis for armed robbery and for operating a motor vehicle without permission of the omer.

In September, 1966, while serving this sentence, he was confined for a time in the maximum security ward at the State Hospital at Fulton, Missouri.

According to Mr. Hoover, Ray has a known arrest record dating back to 1949. . Prior to the 1960 conviction for which he received the 20-year term, Ray had been convicted of burglary in Los Angeles, California, in 1949; armed robbery in Chicago, Hlinois, in 1952; and forging and-cashing United States Postal Money Orders in Missouri in 1955.

He has served terms in the Los Angeles County Jail in 1949; in State Prisons at Joliet and Pontiac, Hlinois, in 1952-54; and in the Federal Penitentiary at Leavenworth, Kansas, in 1955-58.

Ray was an enlisted man in the United States Army from February, 1946, to December, 1948, at which time he was given a General Discharge due to ineptness and lack of adaptability for military service. While in the Army, he received a three-month sentence at hard labor for being drunk and breaking arrest.

Mr. Hoover said that during his criminal career, Ray has also used the names of James MicBricie, James Walion, W. C. Herron and James $O^{\prime}$ Conner. He is a white maIe; claims to have
been born March 10, 1928, in Illinois; is approximately 5 feet 10 inches tall and weighs about 163 to 174 pounds. He has blue eyes and brown hair. There is a small scar on the center of his forehead and a scar on the palm of his right hand.

Ray has claimed that he attended school through the 10 th grade in Alton, Illinois. He has had the reputation of being a "drifter" since leaving school. His vocational experience includes working as a baker, laborer and color matcher.

In connection with his escape from the Missouri State Penitentiary, an FBI complaint was filed in Jefferson City, Missouri, on July 20, 1967, charging Ray with unlawfully fleeing from the State of Missouri to avoid confinement. He has been a Federal fugitive since then.

Ray should be considered armed and extremely dangerous.
Anyone having information concerning him should immediately contact.
FBI Headquarters in Washington, D. C., or the nearest FBI ofrice.

King finally dropped him when he was warned by United States Government officials that $0^{\prime}$ Dell was the genuine communist article.

This article indicated that in a speech to the North Jackson Exchange Club, Erle Johnston, Jr., Director of the State Sovereignty Commission said Dr. Martin Luther King, Jr. . had accepted money from an organization labeled as subversive in spite of his claims that his SCLC "inrestigates any leaders" charged with communistic associations. Johnston shomed members of this club a photostatic copy of a check made out to King by the Southern Conference Educational Fund, Incorporated, of .iew Orleans. He pointed out in his speech that this ras the successor organizatinn to the Southern Conference for Human Welfare, which had been branded as subversive by both the House Committee on Un-American Activities and Senate Internal Security Committee.

One of the associates of Martin Luther King, who was publicly identified as one of the leaders of the "March on Washington," was Bayard Rustin.

According to an article in the ^ugust 30, 1963, Washington, D. C., "Evening Star," a Washington, D. C., daily newspaper, captioned "Rustin Rights Actionist, Press 0n," Bayard Rustin joined the Young Communist League (YCL) in 1936 while attending the College of the City of New York. This article continued that he quit the YCL after four years and he later "served 28 months in prison for being a conscientious objector."

The "New York Herald Tribune," a New York daily newspaper, for August 14, 1963, is an article entitled "Thurmond Assails a Leader of March," reports that in addition to Rustin's past communist activities he was "convicted in 1953 for sex perversion." Rustin reportedly "declined to comment on the morals charge which was lodged against him in California and which involved two other men."

## RESURREGTION CITY

This very synopsized account is a representative cross section of a large amount of material on the same subject matter.

It is to be noted that this account relates only to a factual description of certain day-to-day aspects of Resurrection City. It deliberately excludes any comments on economic, religious, political, educational, and sociological factors and interests. Further, no conclusions have been drawn or interpretations made.

On June 10, 1968, Senior Editor and Religious Editor Louis Cassels of the United Press International wrote:

> "A month after it began, the Poor People's Campaign is floundering, It is beset by leadership problens, racial friction, confused objectives and low morale.

The Caravens
The Poor People's Campaign began with several caravans throughout the United States forming to travel to Washington, $D_{0} C_{0}$ In Boston, Hassachusetts, a man picketing the caravan was stabbed while it was forming. In Dayton, Ohio, following reports of missing purses and money, mambers of the Kidwestern Caravan were
 contingent vere sent beck to Chicero beccuse of thase ircicentso In Letroit, Lichigan, local liecroes brought food to the caravan there but refured to sivo the food to coreven perticipents they daccriked en "yors hose"

Tro officials of a carevan in Rississippi nere arrested in possession of narcotics and Lester Hankerson, second in command
of the caravancalled the "Mule Train" was arrested in New Jersey in April, 1968, with drugs and a stolen gun in his car. Several members of the southern caravan were seen with pistols in their possession. In connection with the Miawest Caravan, large quantities of food, clothing, and blankets were found abandoned on buses used by the caravan. Campaign officials were not interested in having this material retumed as they sald it was all donated and they could get more on the way.

## Violence

On May 20, at Resurrection City, a news cameraman was threatened for failing to enter a tent as instructed. A marshal, one of the city's own security force, told the newsman: "If you don't get in that tent, Ill cut you with my razor" Later, Jesse Jackson, a campaign official, said the marshal was only kidding and didn't know the incident was being recorded.

The next day a resident of Resurrection City was arrested for practicing a "quick draw" with a pistol loaded with "dum-aum" bullets. Luring a rock-and-roll music entertainment, six fights exupted. A marshal requested police assistance in removing armed men from Resurrection City in another incident, but a Reverend Young, a campaign official, said the marshals would handle this and denied entry to the city to the police.

There have been fights during meals which caused officials to call a tow meeting to discuss the fiehts and the marshals had to disarm a man terrorizing other residents with a mat cleaver. The "Commandos," a group under the leadership of Father James Groppi, have clubs, six or seven butcher knives; and two guns.

Resicents of Tosurrection City have throm rocis at passing automobiles, damaging four cars and injuring one waran. Two rewapera rçortars tere tueten by teen-age rcainents oi the
 been returned. It was valued at over $\$ 500$. A drunk lunged at Sonator Liward tuskie of lialne during the Senator's visit to the city.

On June 9, a Negro man stole a camera during the afternoon and ran into Fesurrection City, Harshals refused to allow police

Into the city and no arrest was made. Members of a youth gang from Chicago at the city have been stealing goods there and selling the itoms they steal. At least four firebombs have been made at Resurrection City for use against factions of residents of the city.

## Leadership

Resurrection City participants have repeatedly expressed objections to leaders of the Southern Christian Leadership Conference, which organized the Poor People's Campaign, staying at the Pités Lotor lousl in Wominaton, $\mathrm{D}_{0} \mathrm{C}_{0}$, instead of at Resurrection City. Participants are also upset over heavy drinking and the presence of white and black females in the rooms of campaign leaders. Reverend Ralph Do Abernathy had obscenities shouted at him when he visited the tent city on June 7 because of the fact that he was residing at the Pitts Motor Hotel, rather than in Resurrection City with his followers and because of rumors circulated to the effect that Resurrection City residents had caught him in bed with a white female.

## Racial Friction

There has been friction between the Mexican-American contingent of the Poor People's Campaign and campaign Negro leaders. The Mexican-American contingent has charged racial discrimination. On June 7, Reverend Abernathy told Reies Lopez Tijerina, leader of the Mexican-Americans, to either move into Fesurrection City, which the Lexicanmmericans have so far refused to do, or leave town.

While a Negro newspaper reporter was getting a story in hosurrecticn uity, a thite ruporter rimerby was told to lei.a by

Washington, $D_{0} C_{0}$
Violence has not been confined to Resurrection City itselfo. Three campaign participants (two coming with a caraven)
are being held for shooting and killing two $U_{0}$ S. Marine officers and wounding two other persons: These three were to move into Resurrection City the night of the murder.

Members of another teen-age gang called the "Invaders" who are with the campaign from Kemphis, Tennessee, invaded the Ballou High School in Washington and roamed the halls setting off firecrackers and turning in two false fire alarms. A campaign participant was arrested for refusing to pay for drinks in a Washington restaurant and pulling a knife on the waitress.

During a demonstration at the Supreme Court Building, six campaigners threw rocks and broke five windows. Three campaigners were arrested for lowering the flag to half mast and five others were later arrested for obscene language.

At the Department of Justice, campaigners mat with Attorney General Ramsey Clark and one said, "We ain't got no money, man, but we got matches, man. Mro Ramsey Clark, you better tell the police to get their guns ready. For every one of us you kill in Resurrection City, ten cities are going to burn."

This was after Andrew Young reportedly said over the public address system in Resurrection City, "We cannot survive in America unless we put an end to the present government system that will inevitably lead to our destruction ${ }^{\text {." }}$

## Imoral Activity

In May, 1968, a Negro female was raped in Resurrection City. On June 1 two carloads of white females came to the city at
 nee dietumber at licuro toles fur sicciong with liezro Eerales curing the day and then going to hotels with white females at nicht.

 and was threatened by male residents. in organization has been started in iesurrection City by legro females to try to stop Negro male residents from sleeping with white females.

A female marshal was raped at Resurrection City by three or four men and two days later two Negro female visitors were raped there. The boyfriend of one victim went to the city to confront the rapists and was met by campaign official Hosea Williams and marshals. The boyfriend was told to leave or he would be beaten.

A white Eemale, approximately 22 years old, came to the fence at the city at night and said she wanted to do wharevar she could to support the campaign. One Negro male suggested she enter the camp and engage in sexual relations with the participants. She entescd …zawetion lity, stayed tro hours, and engaged in sexual relations with six or seven Negro mena

## Current Situation

Between 800 and 900 participants remain at Resurrection City, which was built to hold 3,000 people. The permit to occupy the park originally scheduled to expire June 16, 1968, has been extencied to June 23, 1968. Most of the legitimate poor people have left and in the main only "black nationalists" remain. Reverend Abernathy said on June 10 that evicting residents of Resurrection City when the permit expires would "infuriate those who would like to resort to violence" and would "only disturb those in ci.ties around the country to the point where violence would break out."

The Poor People's Campaign has scheduled a mass demonstration, called "Solidarity Day" for June 19. This demonstration is to include sympathizers from all over the country besides residents of Resurrection City.

The Uaxican-rarican contingent still refuses to move into licuriccticn City enc tia city is still working on its housine and sanitary facilitieso is Negro plumber who volunteered to $10 y$,ine tione vias quire critical over the refusal of resicients of the city to esidst hin in lise woxi。

Hosea Williams spent the night of June 16, 1968, at the Williard Hotel, Wawington, $D_{0} C_{a}$, in a room occupied by a white female, age 20-22, who claimed to be a secretary of the Southern Christian Leadership Conference.

A white Gemale who had resided at Resurrection City advised that one of the Poor People's Campaign marshals had pointed to Lincoin's statue in the Lincoin Nemorial and satd to her, "Sce that bastard? We're going to paint his skin black and make him look itke a niggers" This individual also made en obscenc reference to the reshington lonument. This female stated that several attempts were made by Nerroes to have intercuicua tibu dur jolin voluncarily and porceably.

Another indivicual described the leadership of the Poor People's Campaign as chaotic and described the campaign as "Sodom and Comorrah all over again."

An individual reported that a gang of young liegro youths from Chicago called the Rangers was stealing goods at Resurrection City and selling the items. This geng prefers white woren and uses its authority to procure them.

Over 560,000 have been spent by the Poor People's Compaign staff residing at the Pitts Hotor Hotel, Washington, D. Co; $\$ 7,000$ reportedily were paid to Hosea Williams to cover cash and property stolen from him at lesurrection City. Campaign officials also have reportedly been cheating on travel vouchers.

Ralph Abernathy and his family have been living recently at the Howard Johnson Kotor Hotel in Washingtons $D_{0} C_{0}$, without the knowlenme of crarian particisentr.

FBI'S HOOVER CALLS CARL ROWAN A RACIST .
Vera Glaser and Malvina Stephenson
Knight Newspapers Special Writers.
Washington: "FBI Chief J. Edgar Hoover called Negro columnist Carl T. Rowan a racist Tuesday while discussing the controversy over the tapping of the telephone of the slain civil rights leader Martin Luther King.

In an interview Hoover was asked who started the current dispute which already has involved President Nixon and 3 former Attorneys General.
"That racist columnist, Rowan!" Hoover exploded.
It was one of the most revealing glimpses of Hoover's personal sentiments since he called King "the most notorious liar in the country" in 1964. That charge, at a meeting with newswomen, rocked the Nation.

Hoover also declared Tuesday that other Federal agencies had been tapping "telephones all over town for years" on their own authority until the Johnson Administration claniped down.

In his syndicated column of June 15, Rowan accused Hoover of illegal eavesdropping, implying that Negroes were being victimized.

Rowan said the phone taps "have moved this country far closer to a police state than most Americans realize."

He branded Hoover's long tenure as the Nation's chief law enforcement officer as dangerous and urged Presidnt Nixon to replace him immediately.

Rowan was Assistant Sccretary of State, Ambassador to Finland and Director of the U.S. Information Agency under the Kennedy and Johnson Administrations.

Until now, Hoover has made no comment on the feud with Rowan which has dominated front pages in Washington for more than a week.

Hoover's fast reaction to the Rowan column came in the form of a letter signed by his long time aide, Clyde A. Tolson.

Later Hoover told a reporter about two memoranda in FBI files which he said documented his claim that Robert F. Kennedy as Attorney General both suggested and authorized the wiretaps on King to detect possible communist contacts.
"Without that (the memoranda) it was just my word against theirs, "Hoover said Tuesday. The memoranda have never been made public.

Hoover also remarked that the main question now is who originated the idea of the King phone taps.

Nicholas Katzenbach, the former Attorney General, has accused Hoover of prodding Kemnedy into authorizing the taps.
"That's not true, " Hoover asserted. This put Hoover into direct disagreement with Katzenbach who said last week it was false to "say or imply that this tap was the original concept of Robert Kemedy."

Both Katzenbach and his successor, Ramsey Clark, admitted however, that Kemedy authorized the tap on King's telephone on October 10, 1963.

According to Hoover, King was under electronic surveillance from carly 1964 until April 30, 1965.

Clark last weal called for Hoover to resien. But Hoorer, wo rectired a siruns stainent of confidence from President Nixun at his last pross conference shows no sign of quitting.

He was relaxed and friendly at the interview which was conducted in a Washington restaurant where he was having lunch.

Hoover described Mr. Nixon as an old and good friend. He recalled they used to vacation together in Miami during the Eisenhower Administration.

Since Mir. Nixon has been President, Hoover has been a guest at the White House and at Camp David.

He said Mr. Nixon telephoned him before the press conference last week; and "personally investigated" the King wiretap authorization.

Discussing his general attitude toward electronic surveillance, Hoover said he has always been opposed to unrestricted :wiretapping by Federal agencies.

He said he is opposed not only in principal but also because it tarnishes the FBI's image.

This assertion also contradicted the statements of Katzenbach and Clark, who said he was constantly goading them to tap phones.

Said Hoover: "Years ago I recommended that all tapping by any agency have the approval of the Attorney General.
"I didn't want the authority. Agencies were doing it all over town. Nobody paid any attention to me on this before President Johnson."
'Asked to specify the agencies; Hoover cited "the CLA, the Defense Department, the Internal Revenue Service and other intelligence agencies."
"There was so much of it going," he said, "someone would come to me ard complain. Then I would chect around and would find it was one of the cothor arexies."

Former Attorney General Nicholas deB. Katzenbach charged last night that FBI Director J. Edgar Hoover's account of why Dr. Hartin' Luther King's phone was tapped is false.

Katzenhach acinowledged that the wiretap was "personally authorized" by then Attorney General Robert F. ———————ennedy.
"But to say or imply that this tap was the original conception of Robert Kennedy is false," Katzenbach said.

Former Attorney General Ramsey: Clark said in a state-! ment that Hoover's account was unfair "because it comes after Robert Kenncly and Martin Luther Kint have been murtered in the service of humanity and are urable to defend thenseives." Clatsalso said the "selected materiass" from FBI files" releassd b: Hoover were "decentive in" depicting A.fr. Hourci as a zellucant eavesdropper of Dr.:

Cassius Clay acknowledges a greeting from a brstander: as he leaves Federal Court building in Houston. The hearing is reviewing his conviction for, drafterasion.

HOUSTON Tex.; June (AP) - An FBI agent testified in the Cassius Clay wiretap hearing today that telephone conversations of Elijah Muhammad, head of the Black Muslim sect, had been moni tored by. Federal agents at least four years.

Similar testimony Wednesday indicated that Dr. Martin luther King Jr.; the civil rights leader, had been under electronics suryenlance from 1964 until his death in 1968.

The hearing was ordered by the U.S. Supreme Court to de termine whether the wiretaps affected the trial in which Clay was convicted of refusing to be inducted into the Army.
The former hearyweight boxing champion contended he was a Black Muslim minis ter and thus exempt from mili tary duty.

Dr. Martin Luther King Ir.'s dramatic bolt into the Imerican peace movement ias provoied a long, secretis wared strucsle within the si.il rights coalition, engagin ${ }^{\text {s }}$ political forces ranging from the radical left to top Jomson Administration cir$\therefore$ les.
At stake is the prestige and influence of the internationally famous Nobel laureate, the direction of growing anti-war crusades, the future of the civil rights novement, and, some feel, the course of Presidential , p) litics in 1968.

Dr. King's appearance, yssterday at New Yow's isace rally was the, focal point of long debate. Even some advisers who urged him to speak out on the war in Vielnam opposed his haring that platform with rapresentatives of the New left and the far-out Old laft. In Washington, Admin-
paigns partly in search of money and headlines for his Southern Christian Leadership Conference after suffering settoacks in last year's Northern civil rights drives. Some of his long-time admirers complain he is just terribly naive.

Through a turbulent month of soul-searching, Dr. King himself was uncertain about tactics but never about the basic issues of attacking the U.S. war poljelts in Yietnam. To one and all, he maintained he has a moral obligation to denounce the war.

He was under heavy pressure from moderates to disavow the radical left who
wanted him to place all the war blame on the U.S. and to merge unequivocally the morements for peace and civil rights.

Yesterday he did that, say.. ing "I am not absolving Hanoi nor the Vietcong of their responsibilities" and "I have not urged the mechanical fusion of the civil rights and peace movements."

## Createst Crisis

${ }^{5}$ That attack provoked the greatest crisis in the civil $1 \therefore$ ansement since the cmergence of the "Black Power" radicals in 1965. Other civil rights at first were reluctant to bring the cuarrel into the open, but finally concluded that sipace would indicate assent an Dr. King's arguments and open up a stream of criticism.

## Zeft to Others

The task of rebutting Drt Aing was not left to the dul richits leaders. Topranking Democrats, inciuding White House officials, sought to counter his im. pact on both Negro and white commanties.
Even heirere Dr. Kinz; Chicazo speech, on Marel 17, a group of Negro news. paper publishers went to the White House to present President Johnson with à citation for his "courage $\mathrm{in}^{\prime}$ the pursuit of justice and freedom for all men." While thare, they received briefin:;s, including one on Vief. nam, from White Hous aides.
Louis Martin, the Negry deputy chairman of the bimecratic Vational Cormmistec, got busy on the plone, calling publishers, Negro ministers, labor leaders, and others with audiences they could reach.
Martin's arguments were. reflected in a spate of Negro press editorials noting the civil rights gains under the Kennedy and Johnson Administrations, urging support of the Negro troops in Yietnam, and observing that the Nation's only Negro Senator, Republican Edward W. Brooke of Massachusetts, had switched to a proadministration positioli aiter a trip to Vietnam.

Administration officials also expressed concern about radical influences on Dr. King's staff, and said this position will damage the already shaky prospects fir civil rights action in Coh. gress this year.

The extent of that damage is debatable. Sen. Philip A. Hart (D-Mich.), manaser of the Administration bill, says "You're darn right the King speeches hurt. They shouldn't, but they have. ## How Hong Hus thins Been Going On?

FRI Director J. Edgar Mower has offered as justification for tapping the telephones of the late Rev. Dr. Martin Luther King Jr. two assertions: one, that this tapping was authorized by the late Robert F. Kennedy, Attorney General at the time it was initiated: and, two, that Mr. Kennedy instigated the wiretapping.

The first of these assertions appears to be uncontested, although Mr. Hoover has yet to produce any documentation of it. In considerable degree it relieves him of responsibility for a gross intrusion into the privacy of an honored citizen. The responsibility for this intrusion must be lodged. in fairness, with the Attorney General if he did in deed give his approval of it in advance. We regret, therefore, that in calling for Mr. Hoover's resignaton recently, we imputed the responsibility to him alone-there are far better reasons than this for him to step down
The second of Mr. Hoover's assertions has been categorically contested by two former Atometis General, one of them Deputy Attorney General under Mr. Kennedy at the time the wiretapping was begun. Nicholas Katzenbach declared bluntly: "To say or imply that this tap was the original conception of Robert Kennedy-that he was the moving force in this situation -or that he had any obis whatsourer as to Dr. EDge lousy of integrity is false." Best Forget The King Wireop

Enough now has been written and spoken about the wiretapping of the late Martin Luther King, the orders of the late Altorney Gencral Robert Kennedy and the position of |FBI Director J. Edgar Hoover. The affair is best left to history and fufure documentation.

Our conservalive columnist, William F. Buckley, is dead wrong when he asserts that a Congressional inquiry is in order. It most positive: Jy is not. Informed and intelligent Congressmen realize quite well that the whole affair should be quietly dropped.

The King wiretap was brought into the foreground again (not disclosed for the first time, as Buckley believes) through the Cassius Clay trial in Houston. Then, the syndicated columnist, Carl Rowan, asked that (Hoover retire on the basis of the King wirctap testimony.

The simporat is that any rill director, or any Cla director, will be forced to take needless, supernumerary public lumps-without an-

The surface facts are that Robert Kennedy ordered the wiretap on King, before his death. That wiretap (in the interest of national security) was continued under Kennedy's successor, Nicholas Kaizenbach.

Former Atlorncy General Ramsey Clark, perhaps still smarting from the campaign chatter of President Nixon, got into the act with $a_{\hat{F}}$ fdenunciation of Hoover, Clark has the unfortunate habit of opening his Texas mouth, wide, when he should! keep it shut.

A singular fact which should be borne in mind is that a Congressional inquiry, to be fair to all parties (involved (including. If the President or the Depariment of Justice can: see a threat to the Nation's security in that tawdry, loose-lipped cabal, it can see a threat in anything.

And if a supposed theat to national security can justify setting aside the Constitution and the law respecting electronic eavesdropping, why can it not be used to justify selting them aside for any jother purpose the President and the Deparment of Justice may deem expedieht or convenient in the protection of national security? Will they some day think it not "unreasonable" to set aside the: prohibitions against arbitrary arrest or against: randorn physical searches of citizens' homes or against imprisonment without trial or against suppression of speech deemed dangerous? ## Contempt of Law

Why did the Federal Bureau of Investigation tap the telephone of the late Dr. Martin Luther King Jr.? The tapping was disclosed, beyond any contradition, in testimony given on Wednesday in a Federal District Court. It violated an Act of Congress, the Federal Communications Act. It vinolated the repeated assertion by FEI Director J. Edgar Hoover that his agency tapped telephones only in national security cases.

John S. Martin, an attorney in the U.S. Solicitor General's office, acknowledged in court that the civil rights leader had been under FBI electronic surveillance in 1964 and 1965 and that the four FBI wiretaps made of telephone conversations in which he participated were illegal. There can be no doubt whatever as to the illegality of these wiretaps. In point of fact, the Government did not choose to contest their illegality.
in Mr. Hoover has said many times that his agency taps no telephones without express authorization from the Attorney General. Did Nicholas deB. Katzenbach, a distinguished champion of civil rights. authorize surveillance. in clear violation of
law, of the country's most respected civil rights leader?
Mr. Hoover has said many, times, in congressional hearings and in public statements, that his agency taps no telephones except in cases affecting the country's security. Will he assert that he believed the Rev. Dr. Martin Luther King presented a peril to national security? He has indicated on past occasions that be takes an elastic, and sometimes a very confused. view of national security. But Martin Luther King?

It is no light mater to have the law flouted by the country's foremost investigating agency. Contempt for the law by pubic agencies and public officials breeds contempt for the law by the public itself. Worse still, a contemptuous disregard for the privacy and the essential freedom of Amexican citizens strikes dangerously at the foundations of American life. The American people cannot afford to let J. Edgar Hoover be a law unto himself, no matter how valuable his past public service. A people careless of fundamental rights can hardy be said to deserve those right at all.

Cassius Clay returned to court today to hear Federal Bureau of Investigation agents testify how they eavesdropied on conversatuons of the former heavyweight champion with the late Rev. Dr. Martin Luther King Jr. and with Elijah Muhammad, head of the Black Muslims.
C. Bary Pickett, an FEI agent, testified today that he recorded the conversations between Clay and Muhammad in Phoenix, Ariz, from mid-1962 to mid-1966. He said the eavesdropping was carried out both by wiretapping and other devices.
FBI agent Robert Nichols of Atlanta, Ga., testified yesterday that slectronic surveillance of King was in progress as early as 1964 ind an investigation of the Black Muslims began as early as 1958.
U. S. District Judge Joe Intraham admitted into eviderce summaries of four taped conversations after government lawyers acknowledged the tapes had been recorded illegally.
He refused to admit a fifth summary, on the ground disclosure of its content could endanger national security.
The taped conversations were not disclused until the Supreme Court received Clay's appeal of a 1957 conviction on a charge of refuang to be incucted into the Arn y. The court ordered this

 summaries involved Clay conversations with thee othor Black Muslim officials-Herbert. Muhammad, a brother of Elijab and Clay's boxing manager; John Ali, iteness manager for the sect, and Coluncey Eskridge a Chicago inwer for both Clag and Einah and former counsel for King.

An FBI agent 22 years, Nichols said he was supervising the Atlanta surveillanes of King when a conversation with Clay and Ebliridge was reconed Sept. 4, 1964.

The summary quoted Clay as advising the civil rights leader to take care of himself and "watch out for them whiteys."

Martin said the three other admitted stemmaries were prepared by FBI ageits in Phoemex, Ariz.

## ${ }^{\text {WKing }}$ Tape' Emerges From Legend To Underline a Baniger to liliberties

FOR SEVERAL years a piece of Washington apocrypha known as "the Martin/ Luther King tape" was the subject of sly and ugly surmise among certain journalistic insiders. There are those who claim to have had The Tape played for them by obliging law enforcement officials. Others are said to have been given transcripts of a gathering, bugged by Government investigators, at which Dr. King and friends were present.

It was one of those repugnant but enduring stories that cling to controversial public figures. The FBI and Justice Department steadfastly denied knowing anything specific about elec. tronce survellance of Dr. kirg. Shoulders would shrug, eyebrows would arch knowingly, fingers would point discreetly in other directions. And FBI Director J. Edgar Hoover contented himself with attacking the civil rights leader as "the most notorious liar in the country."

Now the unseemly truth is out. It emerged in the form of sworn testimony by FBI agents in a Houston Federal courtroom in the rase of former hoarevelght how bug enampion Cassms Clay, row Swhamad Ali. The agents achowedzed ihat they had smoped on D: King for a pe-iod of secema vears.

The gist of the testmony was that a group of mo:one of them a 22 vear-old ThI clert-sat in atronditioned rooms and listened to the private conversations of this prominent American without the faintest shred of legitimacy or sufficient cause.
"I WAS told to write down whateycr ineard that I would consider of value," testified FBI agent C. Barry pickett in words that should be engraved on some monu ment to cur time. After four years of eavesdropping eight hours a day, five days a week on the telephone conversations of Black Muslim leader Eiijah Muhammad. Pickett was elevated from clerk to agent.

Why was Dr. King under surveillance? No one has said. But it may be significant that the snooping began at a time when he criticiezd the FBI for assigning Southern agents to polect civil rights workersin the South. It is also iro:ic that this seemingly gratuitous Invasion of Dr. King's personal jife occurred at a time when many highrank.
//ing mentiers of the Justice Departmert would have expressed nothing less than roaring outrage at the thought that his phone was being tapped by Government agents. It was the time, in other words, when Robert F. Kennedy was Attorney General of the United States.
After the disclosure last week, there was an understandable rush to disavow responsibility for electronic pursuit of Dr. King. Former Attorney General Ramsey Clark denied authorizing any wiretaps or bugs against Dr. King or Elijah Muhammad while he headied the Justice Department. His predecessor, Nicholas deB. Katzen. bach declined to say anything publiciy.
Did Robert Kennedy know? The FBIs only recorded comment on the affair was io refer guestioners to Hoover's testimony over a period of years that each bug was authorized in writing before installation by the Attorney General. And the Justice Department last week described Foovers iestimony as "accurate in eve" respect." $\operatorname{lnf}$ erentially, the FBI is saving that Mr. Kennedy knew and approved. What constitutes "interna! security," this column askel of an FBI spokesman. "it' has to speak for itself," he replied.

There is a spectacular ambiguity about it all.

Attorney General John N. Mitchell now intends to use the authority conferred on him by Congress last year to use wiretaps in the wide variety of cases permitted uncier the new Omnibus Crime atct.

When you consider the scope of the blatantly illegal wiretapping carried out by Government agents during the past few years it boggles the mind to consider how pervasive official snooping might become once it was Jegitimized by local courts at the behest of local prosecutors. During the secand hali of 1068. for example. state officials obtamed irt wiretapping warrants, all but seven of them in New York where authorities used wiretapping for such susperied obienses as larceny and gambing.

## By LYLE DENNISTON

 - Star Staff N'riterA top official of the FBI has claimed that official wiretapping on Dr. Martin Luther King Jr. had the advance approval of the late Atty. Gen. Robert F. Kennedy.
Clyde A. Tolson, the bureau's associate director, defended the legality of the much-criticized tapping of King's phone in a letter dated Nonday.
The letter was sent to Carl T. Rowan, a columnist for The Star, and was intended as an answer to an article Rowan wrote for last Suday's edihons atanamer matecto jugar Hoover for the electronio spying ovi King. A copy of the leiter was sent to the editor of The Star:
"For your information," Tolson wrote to the columnist, "the wiretap on Martin Luther King Jr. was specifically approved in advance in writing by the late attomey general of the united States, Mr. Robert F. Kennedy. "

## First Revealed in Houston

Tolson added that the monitoring device "was strictly in the field of internal security, and, therefore, was within the provision laid down by the then President of the United States."
The first public revelation that Kirg had been the subject of FBL wiretapping came earlier this month in a federal court hearing in Housionn.
Robert Nichols: a special agent in the FBI cffice in Athonta, testified that he had superHised a device attached to the telephone hees at King's home there.

If the wiretapping had the specific approval of the attorney general, and if it was userd as part of a "national security": $n$ vestigation, it apparently was not operated in violation of leezal restrictions in effect at the time.

## Rowan Biasts Hoover

Tolson's letter seemed ciearly designed to show that both aspects of legality had beea met by the FBI. His leiter was prompted by comments by the columnist that Hoover had been flouting the law by permitting the wiretap on King's phone. Rowan directly accused Hoover of "abuse of contempt for the law."

Branding this a "malicious" and "scurrilous". article, Tolson invited Rowan to give his arswer wide publicity.
The. FBI's new defense of itself seemed likely to start a new round of public dispute over the official responsibility for the use of electronic listening devices.
Three years ago, Hoover and Pobert Kennedy, then a I.S. sonator from Nev York, traded public charges that each other was responsible for approral of the use of hiden microphones: as opposed to direct wireiap, for investigation.

## Kennedy Released Letter

At that time, the late senator made public a letter to him dated. Feb. 17, 1966, from Courtney A. Evans, who had been assist-: ant FBI director while Kennedy was attorney general.
While Kennedy relied on that letier to heip him make the point that the use of hidden: microuhones was not Kemnecy's responsibute the leter did earII a pragran whth sazassis fat Remedy had been molved Gimetily in apporing the use of wretaps.

Thereafter, individual requests in these serious national security cases for wireiab authorization were sent to youhy the FBI fo: approval. These were the; only wiretap authorization wich were ever submitted to you.

Evans, now a Washingtón lawyer, said last night that he simply häd no recollection about whether a wiretap authorization directed at king had ever been involved in his discussion with Kennedy.

## Interest Said to Flag

If the King wiretap was installed any time during 1964, and if it did have approval by the attorney general, that could have come only from Kennedy or his successor, Nicholas deB: Katzonbaatm.
Katzenbach could not be
reached immediately for comment on the matter.
Aides to Kennedy suggesied last night that, during 1964, the period after the assassinatior of his brother, President John $F$. Kennedy, the attorney general's interest in some of his official affairs flagged.

At the time. Katzenbach. was Kennedy deputy at the Justice Department.
A latar attomey general, Ramsey Clark, has told repart-: ers that he personaliy had neverl: given approval ior wiretapping on King. Clath also has said he recuired the FBI to tell him every three months the names of people being monitored elecironically and that King's name was never reported to him in that category.

## No Document Included

If the wieetapping had continued unill shortly before King's death, it would have been in operation during Claris's leadership ot the depariment.
Tolen's lever to Nowan whet saytry hat be welap on hag had been' specticahy abthorized by femmedy did not say dinety bhat kitg hrmet was be whion under mustiction !
In adibion, Tolson did not incude wihn his letier a copy of the specific document upon which the claim of authorization apparently was based.

Testimony at the Houston hearing appeared 0 indicate that King himstrose tie subject of the investigation, and that this was the reason that his telephone bad been tapped for long periods of time.

A Justice Department spokesman, asked whether there was any document to suppori the claim in Tolson's letter, declined a direct answer last night. However, the spokesman referred to a statement issued by the department earlier this month - which had said that Hoover was "accurate in every respect" when he had repeatedly told Congress all wiretaps had been authorized, in advance and in writing by the attorney general in office at the time the lapping was proposed.

The spokesman thus appeared to be implying that Tolson's let--ter also was an accurate description of authorization.

rather bloody-minded people in tion" has hen obseured by "a nesia." Perhaps, since this obscuration is still wery much
 We would like to think we are a peace-loving people; at the same time we insist on venting our hostility on any individual or nation that questions our virtuc and the superiority of our ways.
The Wall Sirect Journal (June 9) takes issue with the commission oa several points. "So far from being bloodyminded," it says editorialiy, "the average citizen is appalled and deeply saddened at the violence he is constantly reminded of both at home and on the distant battlefields of Victnam." The violence at home may indeed sadden him, although it probably frightens him more and makes him inclined to resort to violence of his own-certainly the cnormous sales of guns to individuals indicate as much. But as for Vietnam, only a small part of the American public is concerned about the agony that has been inflicted on the Vietcong and the North Vietnamese. Reporis from the front that artillery and air strikes have killed several hundred of the enemy, at the cost of a few American lives, cause no public outery. One would think that only Americans were human. The Pentagon countered a recent rise in the weckly American casualty total with a statement that half a million of the enemy had been killed. Half a million, in a country so small! Not a murmur was heard from all those "appalled and saddened" citizens The Wall Strect Jourrial knows about.

In a dispatch from Saigon in The Christian Science Monitor (June 4), Elizabeth Pond provides some figures on American volence as applied in Vietnam with no result except the virtual ruin of the southern half of the country. The caption of the story says that there are currently 1.3 million refugees in South Vietnam and the govermment appropriates one-third of 1 per cent of the national budget to helping them. The policies of the government of South Vietnam can be controlled by the government of the United States; we have proof here that we not only resont to larye-seale violence for phantasmal ends but do not even trouble ourselves to repair some of the damage.

This war has produced, according to Miss Pond, at least 4 million refugees, 300,000 physically disabled, 20,000 to 50,000 promates, mote tha 90.000 orphoms. "and no one knows just how many juvente delmquans and predelinquens." Apart from the dead, it has disphaced up to a third of the popilation, rent the socint fobic, and bed the comary of swere generations of leaders She says he station is "Goty" mprovel owe two years ago but it still is hormifing.
of course many Americans are pertarbed by all wha, some are actually trying to ameliorate the distress. "An entire, nation is being destrojed," asserts the White Paper of the American Friends Service Committe, but this compassion docs not go down to the grass roots.

The animosily agnant Brown dotun was amb:fied by the fact that it was trie. The commissonis report will be vieved more toleranty but probably it will what be as loug remmbered.

 business." But some taps, of course, are dirtier than others. A prime example is the wire tap that the FBI maintained on the late Dr. Martin Luther King, Ir Evidence offered at the Cassius Clay hearing in Houston indieates that the taps began as early as 1965 and were maintained until Dr. King's death on April 4, 1968. If is clear also that the taps were maintained after President Johnson, on June 30, 1965, ordered an end to wire taps, except those ordered by the Attorney General in "na-" tional sccurity" cases. The mind boggles at the notion that Dr. King, a Baptist minister. (Ph.D., Boston University, D.D., Chicago Theological Seminary), Nobel Prize winner (1964), founder of the Southern Christian Leadership Conference, could have been involved in activities that, in the view of J. Edgar Hoover and former Attorney General Nicholas deB. Katzenbach, may have constituted a threat to the national security of the United States.

Incredulity is enhanced by a clear indication of what it was that prompted Mr. Hoover to request authorization of this particular wire tap. District Judge Ingraham, who is conducting the Clay hearings in Houston, would no permit FBI agent Robert Nicols to explain why Dr. King was under surveillance, but he did let him testify that the surveillance-that is. the particular surveillance which Nicols supervised-occurred at a time when Dr. King was attacking the FBI for assigning Southern rather than Northern agents to civil rights investigations. The inference is that sharp criticism of his actions is regarded by Mr. Hoover as a threat to national security.

In an entirely legitimate attempt to secure an offocat explanation, the Chicago Daily News propomded a series of questions to the FBl: "Why was Dr. Kings phone tapped? Did I. Edgar Hoover approve? Was Dr. King considered a security rist??" In each instanoe the answer was: "No comment."

Not merely is the public entitled to an explanation of the kind sought by the Daily Neus, but the comtand fallure to provide it will enoumge slames of the doad. ## Mariin l-wther King Incident Underwrites Need <br> To Give Agency Icpendence, Says Writer <br> By.DAIID LAWREÑCE 964 A

WASHANGTON, Nov,20 - On the surface, it may look as if the clirrent controversybetween J. Edgar Hoover, director of the FBr, and the Rev. Martin Luther King Jr., head of a leading Negro organization, merely concerns a question of veracity about nection with the handiling of complaints by Negroes and civil rights workers in that city. But the issue goes deeper. It involves the effort of organized groups to pressure govermment al ageacies into taking action to meet proiests based upon pasSion and onotional feelings, rather than on the rules of law Which require substantial evidence before arrests can be made.
such complaints. Mr. Hoover's reply was that the majority of FBI agents in the South are Northerners, and that four of the five agents in Albany were born in the North.
The FBI director conceded that there have been difficulties with local authorities, some of whom, due to their prejudices, are lax in law enforcement involving violations of civil rights. But the FBI has no authority over the State and local police, and has to depend on their vol untary co-operation. In cases where the local police cannot be relied upon, the FBI may increase its forces. But this does not mean that it can always gather enough evidence to bring a case against all persons sus pected of violating civil rights
Somewhat the same dilemma confronts the FBI in connection with the measures that might have been taken to protect the late President Kennedy against assassination. It is natural for the FBI director to resent the citicism of his agency made in the report of the warren Commission. For, as Mr. Hoover told his press conierence this week. it is impossibin io tal:e out of circulation "ever" indi vidnal who might thraaien the saiety of the Presicent when the chief executve makes a public appearance. ospecially when he rides down city sireets in an opn auto.
